#FutureofCAP

How can CAP networks help strengthening innovation and knowledge exchange on all 9 CAP objectives?

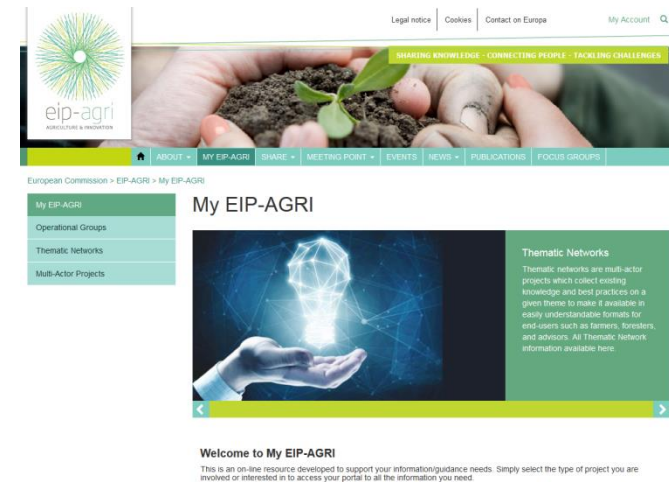

1. Collecting and sharing outcomes of 3200+ EIP OGs from current CAP
2. Collecting and sharing outcomes of 180 H2020 multi-actor projects + Horizon Europe
3. EIP website + knowledge reservoirs being prepared under H2020
4. **Connecting OGs with Horizon** projects = great added value
5. All this **material provides great input for local AKIS actors** (farmers, advisors, education, trainers, media, businesses, researchers,..): training for farmers and for advisors, peer-to-peer events, demonstrations, website, e-learning, ISS etc
6. Organising **events to link and network AKIS actors** for future cooperation
7. **Start now**, already testing future interventions under current period and **brainstorm in AKIS coordination platforms**

The Horizon 2020/Horizon Europe (HE) dimension of the EIP-AGRI

1. The synergies organized between Horizon projects and EIP Operational Groups induces the need for **intensifying innovation networking with Horizon Europe National Contact Points**: a monthly encounter could be useful
2. **Promote and make OGs visible**: database with all OGs in the MS + contacts + thematic categorisation
3. **Follow the yearly Horizon Europe calls and be pro-active**: present the topics to your OGs, make a brokering event with your OGs, advisors and researchers, think about cross-border events around specific topics in the call where OGs could join. Horizon consortia mostly do not find the OGs they would like to have in their project
4. Also when Horizon projects are running, OGs or their partners may still be invited to events of their interest: give them support

AKIS & EIP-AGRI – preparing for EU knowledge reservoir(s) for practice **serving advisors' back-offices for innovation support and advice**

- ✓ MS already creating dbases (EIP-AGRI in DE, FR, back-office and ISS in LT etc)
- ✓ EURAKNOS project (Thematic Network of Thematic Networks, midterm Jan 2020)
- ✓ EUREKA project (feasibility EU knowledge reservoir for practice, kick-off Jan 2020)

Making **at EU level** an increasing volume of practice-oriented knowledge easy accessible, interactive and attractive!
