CAP Strategic Plans post 2020: 3. CAP networks' innovation strand strengthening linkages with research

Inge Van Oost - DG AGRI
European Commission
Unit B2 – Research & Innovation
3, 8, 10 May 2021 – EIP webinars

#FutureofCAP

Connecting policies: the bigger EIP picture: How to find each other? => AKIS needed

CAP/Rural development
(regional/national level)

- ✓ OG preparation
- ✓ OG projects
- ✓ **Innovation support services**

Research projects
Multi-actor projects
Thematic networks
(interactive innovation)

Involvement of OGs is strongly recommended

Unique EU knowledge repository of contacts and practice abstracts

Spread the results

Summary: How can CAP networks help strengthening innovation and knowledge exchange on all 9 CAP objectives?

1. **Collect and share outcomes** of 3200+ EIP OGs from current CAP, and of 190 H2020 multi-actor projects + future Horizon Europe MA proj. (+ filtering & translating)
2. Make use of the EIP website + knowledge reservoirs being prepared under H2020
3. **Connect OGs with Horizon projects** = great added value. The Horizon 2020/Horizon Europe (HE) dimension of the EIP-AGRI induces the need for intensifying CAP innovation networking and **regular and efficient interaction** with Horizon Europe National Contact Points. **Keep your inventory of OGs and advisors up to date!**
4. All this **material provides great input for local AKIS actors** (farmers, advisors, education, trainers, media, businesses, researchers,..): training for farmers and for advisors, peer-to-peer events, demonstrations, website, e-learning, ISS etc
5. **Organising events to link and network AKIS actors for future cooperation**
6. **Start now**, already testing future interventions under the current period and **brainstorm in AKIS coordination platforms** (using transitional funds)

The Horizon 2020/Horizon Europe (HE) dimension of the EIP-AGRI

1. The synergies organized between Horizon projects and EIP Operational Groups induces the need for **intensifying innovation networking with Horizon Europe National Contact Points**: a monthly encounter could be useful
2. **Promote and make OGs visible**: database with all OGs in the MS + contacts + thematic categorisation
3. **Follow the yearly Horizon Europe calls and be pro-active**: present the topics to your OGs, make a brokering event with your OGs, advisors and researchers, think about cross-border events around specific topics in the call where OGs could join. Horizon consortia mostly do not find the OGs they would like to have in their project
4. Also when Horizon projects are running, OGs or their partners may still be invited to events of their interest: give them support

AKIS & EIP-AGRI – preparing for EU knowledge reservoir(s) for practice **serving advisors' back-offices for innovation support and advice**

- ✓ *MS already creating **dbases (EIP-AGRI in DE, FR, NL, back-office and ISS in LT etc)***
- ✓ ***EURAKNOS** project (Thematic Network of Thematic Networks, midterm Jan 2020)*
- ✓ ***EUREKA** project (feasibility EU knowledge reservoir for practice, kick-off Jan 2020)*

Making at EU level an increasing volume of practice-oriented knowledge easy accessible and searchable, multilingual, interactive and attractive!

TOOLBOX FOR A KNOWLEDGE- BASED AGRICULTURE

- **Cross-cutting objective** on knowledge, innovation and digitalisation (CAP Art. 5)
- Each **CAP strategic plan** will include a section on how to stimulate the exchange of knowledge and innovation & digital technologies in agriculture (CAP Art. 102)
- **Strengthening of MSs'/regions'** Agricultural Knowledge and Innovation Systems (**AKIS**)
- **Support** for advice, training, innovation and knowledge exchange in Rural Development (CAP Art. 71,72,13,...)
- Specific budget of EUR 9 billion in **Horizon Europe** for food, agriculture, rural development and the bio-economy.

➤ Continuation of the agricultural **European Innovation Partnership** (CAP Art 113, 114)

Horizon Europe call 2021

State of play

The Horizon Europe Workprogramme 2021 will provide support

Publication: end June 2021, deadline early Oct 2021

Multi-actor approach now useable across the whole cluster 6: same principles kept but type of actors broadened => even more practice info will come in

Following destinations have been designed within Cluster 6:

1. Biodiversity and ecosystem services
2. Fair, healthy and environmentally-friendly food systems from primary production to consumption
3. Circular economy and bioeconomy sectors
4. Clean environment and zero pollution
5. Land, oceans and water for climate action
6. Resilient, inclusive, healthy and green rural, coastal and urban communities
7. **“Fostering Innovative governance, environmental observations and digital solutions in support of the Green Deal” are useful enablers - including AKIS co-creation and networking among all MS; how to develop innovation support; finish, test, finetune and promote the EU Knowledge reservoir together with all MS’ AKIS; Thematic Networks; Thematic Networks growing from OGs; and an advisory network on short supply chain (more to come).**

Building and linking AKISs across the EU

*Speed up creativity and
practice application*

*Better connectivity and
quicker circulation of
information*

Speeding up knowledge exchange and innovation 2.0

Thanks for your attention
