Hungarian National Rural Network (HNRN)

**Setting up operational innovation
groups and supporting investment
for implementing innovative
projects**

Attila Nagy

Department of EAFRD's Strategy

The organization of the HNRN, changes in legislation

→ serves the goals set out under Art 54 of **Regulation 1305/2013 of the European Parliament and of the Council** on support for rural development by the European Agricultural Fund for Rural Development (EAFRD) and repealing Council Regulation (EC) No 1698/2005: „*Each Member State shall establish a national rural network, which groups the organisations and administrations involved in rural development.*”

→ **Regulation 11/2016. (IV.27.) of the Minister of PMO**: based on the RDP section relevant for the HNRN, a new regulation was needed to regulate the goals, tasks and the organization of the HNRN.

- ❖ the Presidency of the HNRN (9) has been reorganized on September 8, 2016.
- ❖ the Council of the HNRN (20) has been reorganized
- ❖ new profile for the Network: new logo, new website has been introduced
- ❖ the territorial HNRN associates are operating on county level

The **task of the HNRN still remains** to organize all participants involved in rural development into one co-operative network, i.e. to organize the relevant governmental, self-governmental and civil co-operatives, business and social organizations, professional bodies into an informational co-operative network, and to synchronize their activities
