AGRICULTURE & INNOVATION

OG 'Pocketboer' (BE): tapping into the experiences of Flemish dairy farmers who are already using pocket digesters to find solutions for common problems and improve performance. Regular **meetings with interested farmers** (about 31) to discuss project's results. A dedicated **Facebook group**.

AFINET (Agroforestry Innovation Networks) & OG 'CATChCO₂-live', Tuscany
A partner of the AFINET participated in a conference held by the OG where the early results of the project were shown. From that point onwards, a relationship was built and a synergic knowledge exchange will be developed during the project implementation.
