Seminar: 'New skills for digital farming'
Aranjuez, Spain
5-6 February 2020

funded by  European Commission

4. Learning about and with digital tools

eip-agri
AGRICULTURE & INNOVATION

Focus on e-learning, e-resources, e-platforms...

Not only learning to use digital tools but using digital tools for learning.

Digital technologies can **enhance opportunities** for skills development in schools, higher education and throughout life.

Digital **platforms, portals...** provide online **learning resources** and help connect people who produce and use knowledge.

Examples:

- France, VIVEA blended digital training (**Beatrice Dingli**)
- Finland, JAMK University of applied sciences – Digital e-learning resources (*Anne-Mari Malvisto*)
- Erasmus+, [Biocontrol E-Training](#) (Laurent Dedieu)
- Lithuania, EIP Operational Group '[Gate of innovations](#)' (**Gintare Kucinskiene**)
- H2020 EURAKNOS / EUREKA (Hercules Panoutsopoulos)

LEARNING ABOUT AND WITH DIGITAL TOOLS

Beatrice DINGLI
VIVEA blended digital
training
France

VIVEA

dedicated vocational training for farm managers

600 000 farm managers

30% are women

The content

The rules about training in France (Blended learning)

The digital revolution in all society : internet, Big Data, Smartphone, Artificial intelligence

Farm managers needs : precision farming, automation, new work organisation, better work-life balance, train differently

Training organisations need to train differently : how to build digital educational scenarios

Challenges for VIVEA

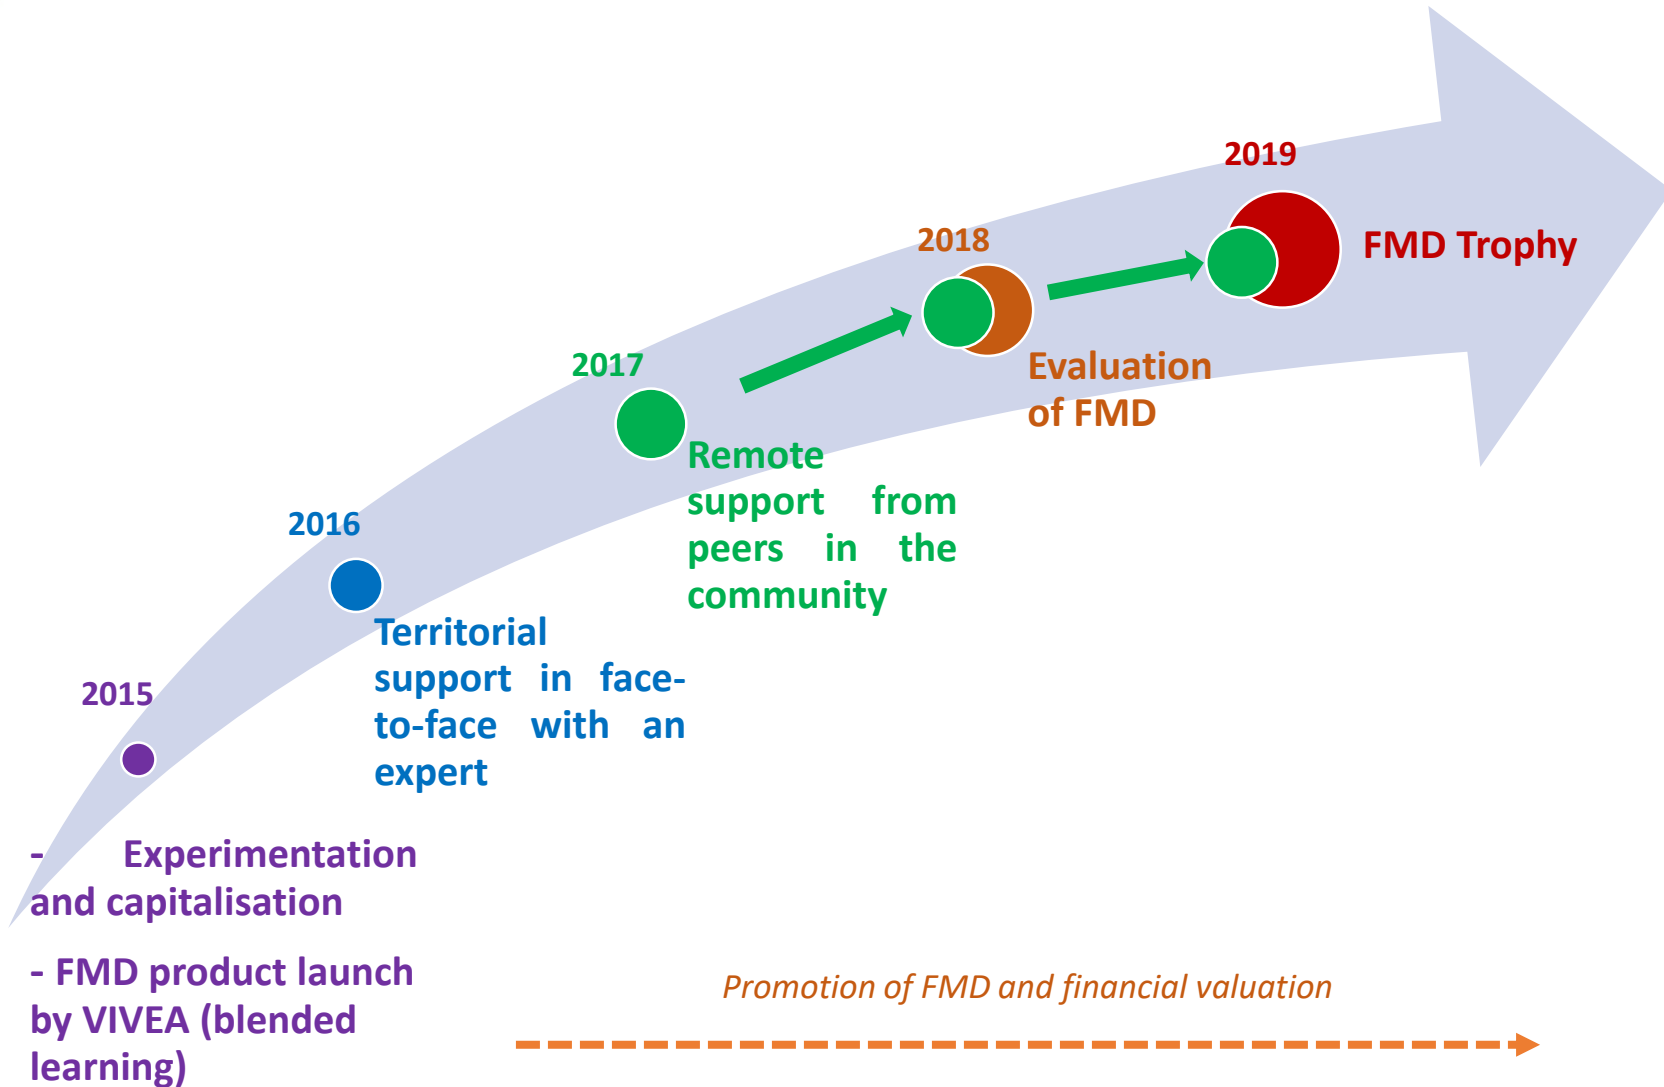

Shaking up
training
practices

**Modernise the
training offered
by developing a
mixed digital
offer**

Digitising
educational
scenarios

A pro active approach

- Experimentation and capitalisation
- FMD product launch by VIVEA (blended learning)

Promotion of FMD and financial valuation

**And more importantly,
what does FMD look like ?**

https://youtu.be/JDwQm_OIxTM

*What do trainees
say about FMD?*

*A very high level
of trainee
satisfaction*

The top three benefits of blended learning to our farm managers :

- More effective face-to-face sessions
- Movement limitation
- Greater application of training outcomes in their work
