

BIOBASED TUESDAY

 - 14:30 - 15:30 CET -

“On Tuesdays, we talk about how to build our bioeconomies”

Upcoming Webinars

**Ready to build a bioeconomy?
Detect the bioeconomy strengths and weaknesses of your region.**

Jon Stenning and Ben Gardiner from Cambridge Econometrics talk about the drivers of the bioeconomy, the criteria of success and the 'Bioeconomy Readiness Check', a tool to explore the potential of your region to build a bioeconomy. How to use the tool?

[Register here for 22 Sept.](#)

**Building a bioeconomy: agro push versus market pull
and the role of launching customers.**

Arie van der Bent and Ingrid Coninx from Wageningen UR will explore the factors that push and pull the bioeconomy and how customers help to build up the bioeconomy.

[Register here for 29 Sept.](#)

What policies are used to build bioeconomies? Get inspired by the BERST-Catalogue on Instruments and Measures

Ruben Guisson from VITO presents results of the bioeconomy policies analysis and explore how to work with the Catalogue on Instruments and Measures.

Register here for 6 Okt.

****Wednesday**** We meet at the Bio-Economy market place in Brussels (17:30-19:30)

Register here for 14 Okt.

Key enabling factors in bioeconomy development – biobased clusters

Calliope Panoutsou from Imperial College talks about what factors hamper and enable the bioeconomy development in European regions nowadays.

Register here for 20 Okt.
