

# SURFENERGY Summary

- SURFENERGY supports the introduction of energy efficiency measures by SMEs in the Surface Finishing and Printed Circuit manufacturing industries
  - ▶ Project partners: C-Tech Innovation (UK); Besel (Spain); Protection des Métaux (France); Env-Aqua Solutions (UK); UITs (France); EIPC (Netherlands)
- Main Project outputs
  - ▶ Software toolkit for Energy Efficiency solutions and benchmarking
  - ▶ Intelligence on energy implications of new technologies
  - ▶ Integration of Energy Efficiency and Environmental needs
- Project website [www.surfenergy.eu](http://www.surfenergy.eu)
