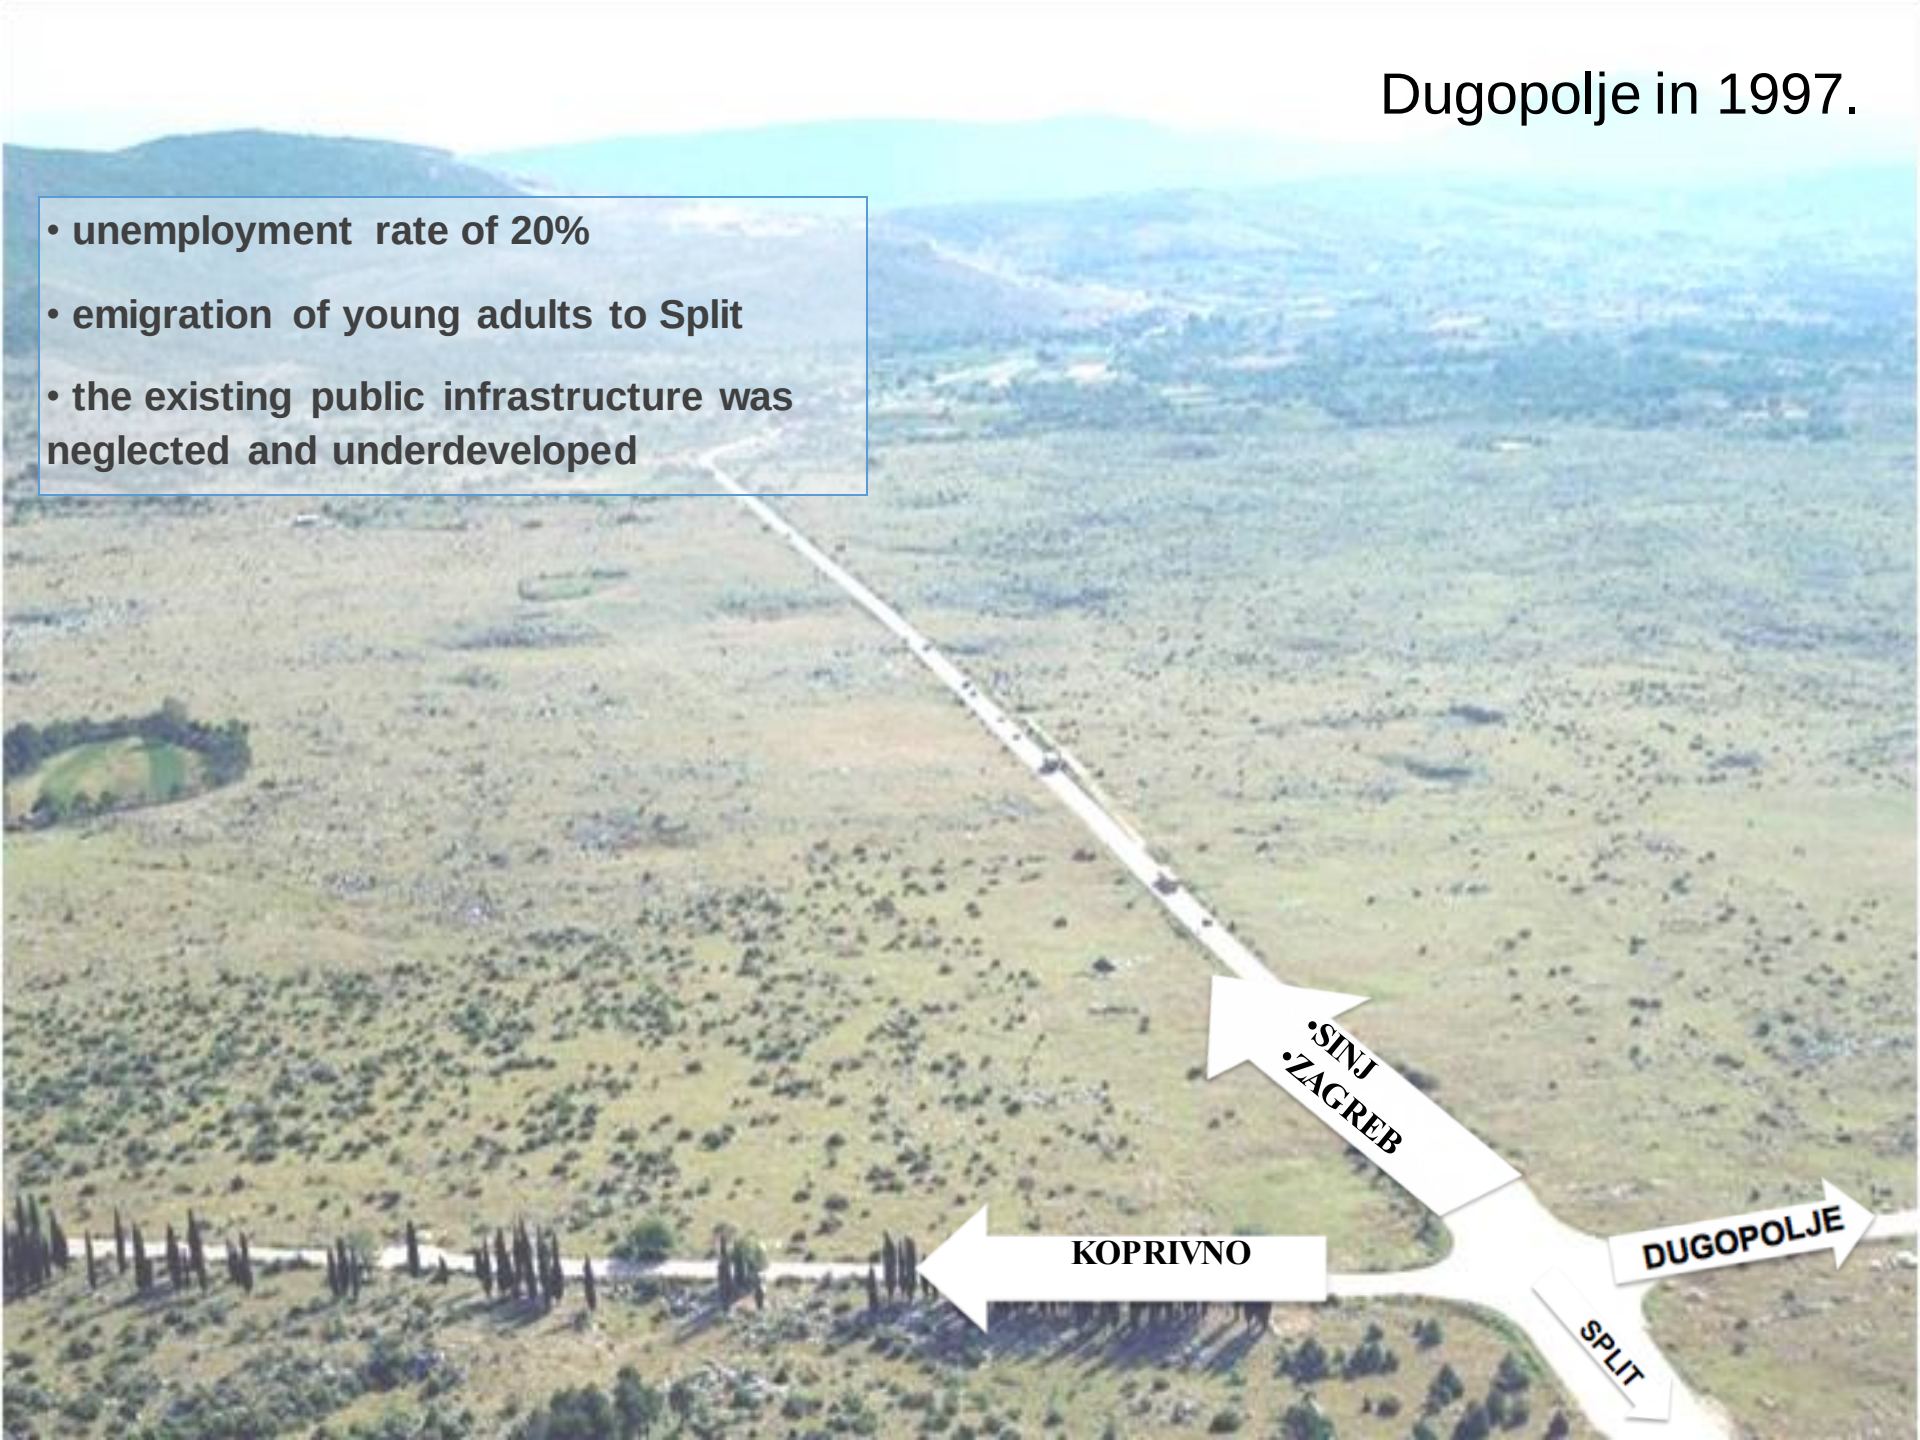
Dugopolje in 1997.

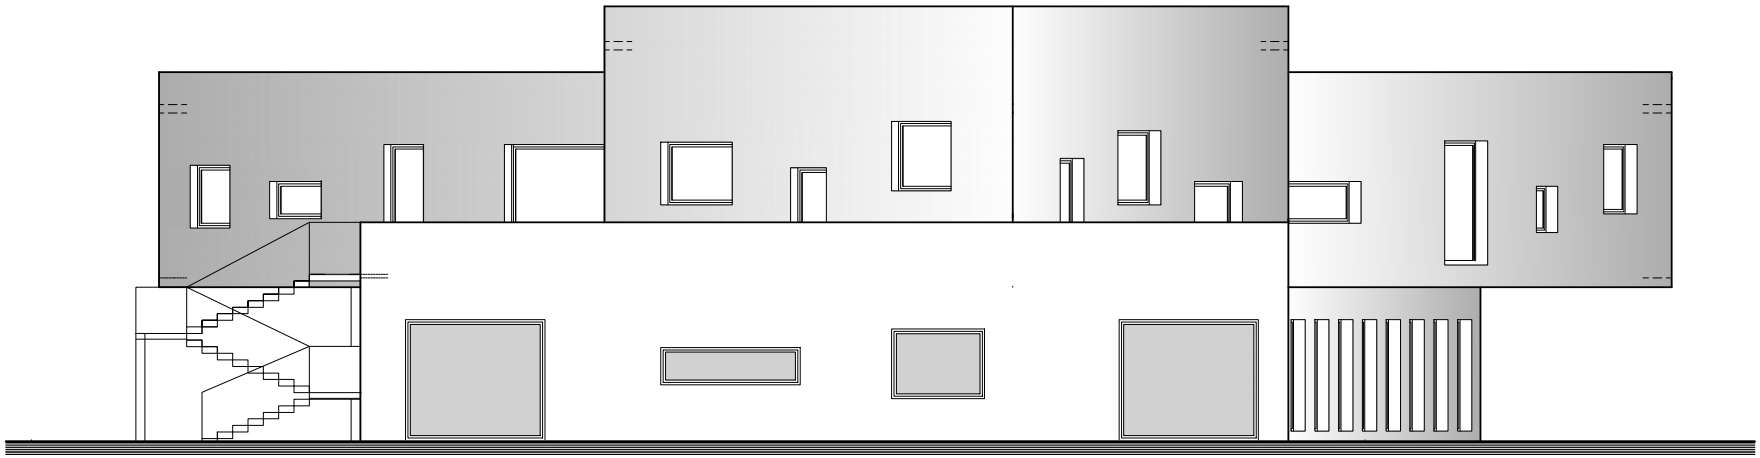


Dugopolje now.

- emigration of young families from Split to Dugopolje
- public infrastructure developed to highest standards

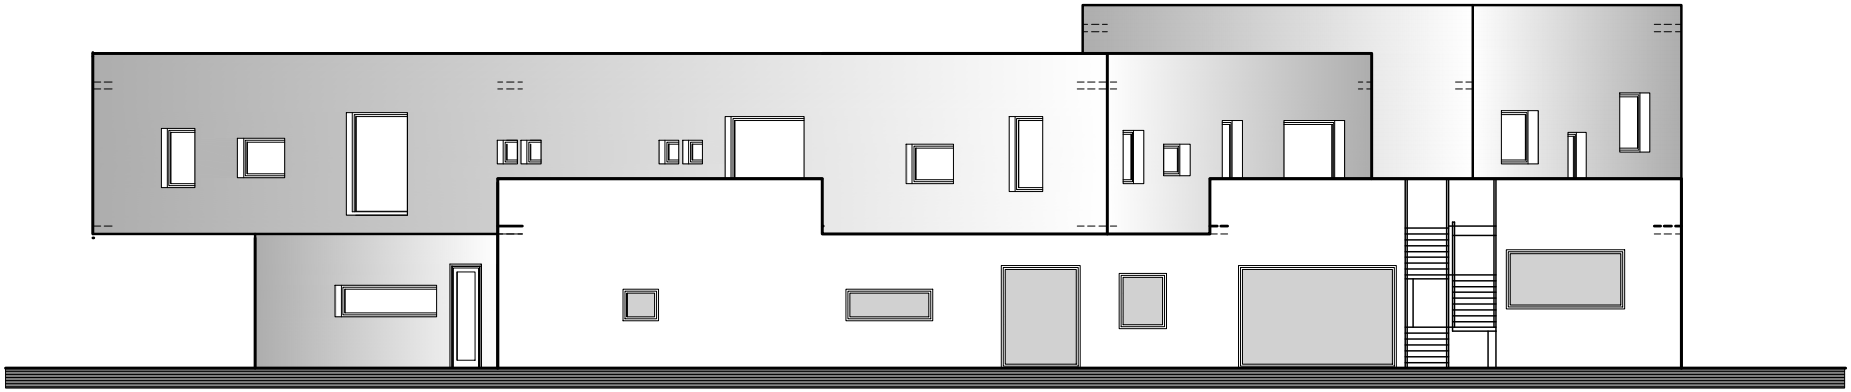
Construction of a kindergarten

SJEVERNO PROČELJE MJ 1:100



- The project addresses the lack of kindergarten capacity in the rural area of the Municipality of Dugopolje.
- The purpose of the project is to improve living conditions in rural areas, contribute to the attractiveness of the village to its development potential for other activities and encourage growth and socio-economic sustainability by improving local basic services for rural population.

ISTOČNO PROČELJE MJ 1:100



- In the Municipality of Dugopolje, there is only one kindergarten whose capacities are not sufficient, although every year the kindergarten enrols more children than provided by the pedagogical standards of the Republic of Croatia.

- Capacity 110 children
- enrolled in:
  - 2018 - 139
  - 2019 – 120

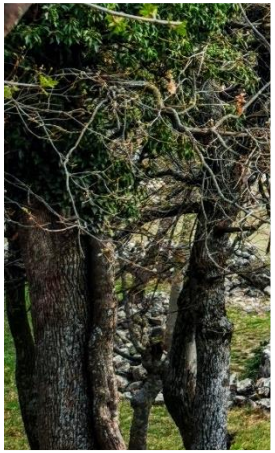
- There is no kindergarten program for the children of nursery age

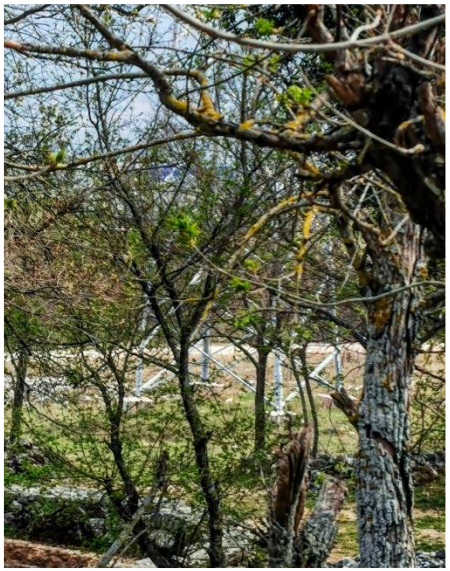
The surface od the land 2.435,00 m2

Total surface of the building 1.318,97 m2

- Two floors
- Capacity for 160 children
  - 2 rooms for the kids of nursery age from 6-12m
  - 3 rooms for the kids age from 1-3y
  - 4 rooms for the kids age from 3-7y (6 grups)
- Changing rooms, wordrobs, toilets, ambulance, kitchen, loundry, offices, and other technical rooms

NEW KINDERGARTEN





- During the preparation of the project, it was taken care to keep the habitats of plants and animals as small as possible od damaging.

- The use od the buildng wont desturb the envirnoment. All waste that will be produces are pland to dispose separately in containers provided for that purpose.

Involvement of educators, parents and children

Workshop and theatar play wich we financed thru the project „I am thinking EKOlogical”
