Stakeholder involvement through the programme

▶ **Activities of the Flemish Rural Network**

- Study days
- Stakeholder events
- Newsletter

▶ **Ad hoc involvement (bilateral)**

▶ **Implementation committee**

- Governmental services involved in RDP implementation
 - × Secretary-general
 - × Managing authority
 - × Management services
 - × Paying agency
 - × Rural network

Stakeholder involvement in the monitoring committee

► Members

→ Voting members

- × Representatives of all (Flemish) ministers
- × Secretary-general of the Department of Agriculture and Fisheries

→ Advisory members

- × European Commission
- × Flemish Environmental Council
- × Flemish Social-Economic Council
- × Strategic Advisory Council of Agriculture and Fisheries
- × Nature and Forest Agency
- × Flemish Land Agency
- × Paying Agency
- × Association of Flemish Provinces
- × Association of Flemish Cities en Municipalities
- × Flemish Rural Network
- × Walloon Government

Stakeholder involvement in the monitoring committee

▶ Involvement

- Standard procedure
 - × Annual report
 - × Programme modifications
- Expert presentation of an RDP intervention
- Monitoring committee on location
 - × Show some of the RDP interventions in practice
 - × Possibility to ask questions to farmers

▶ Difficulties

- Involvement of MC in macro vs. micro management
 - × Most members are mainly interested in the overall policy and content
 - × Eg. Detailed selection criteria for every intervention

Planning of preparatory work and stakeholder involvement

Public survey (February 2018)

Departmental analysis (December 2018)

Vlaanderen
is landbouw & visserij

Stakeholder meeting: brainstorm on interventions (June 2019)

Stakeholder involvement through the CAP post-2020 preparation

▶ Other stakeholder events

- Bilaterals
- Ad hoc study days on specific themes
 - × Eg. How to make agriculture and nature go hand in hand

▶ Difficulties

- Formal (bound to official positions) vs. informal (open, constructive discussion)
- More stakeholders than possible want to be involved
- Opposite interests
 - × How to come to a targeted strategy while consulting broad range of stakeholders?
- Too high expectations

New: Pillar I
Impact on stakeholder landscape: sectoral organizations more important

Stakeholder involvement in the CAP post-2020 monitoring committee

▶ In general

→ Same stakeholders?

▶ Social inclusion fundamental rights, gender equality and non-discrimination

→ How to work on this topic in an effective way?

→ What's the definition?

× Eg. Minority groups in agricultural sector

▶ Efficiency

→ How to organize the MC in an efficient way but still involve enough stakeholders
