Cohesion Policy Objectives

Why and How to plan support for SVillages

11 objectives simplified and consolidated to 5:

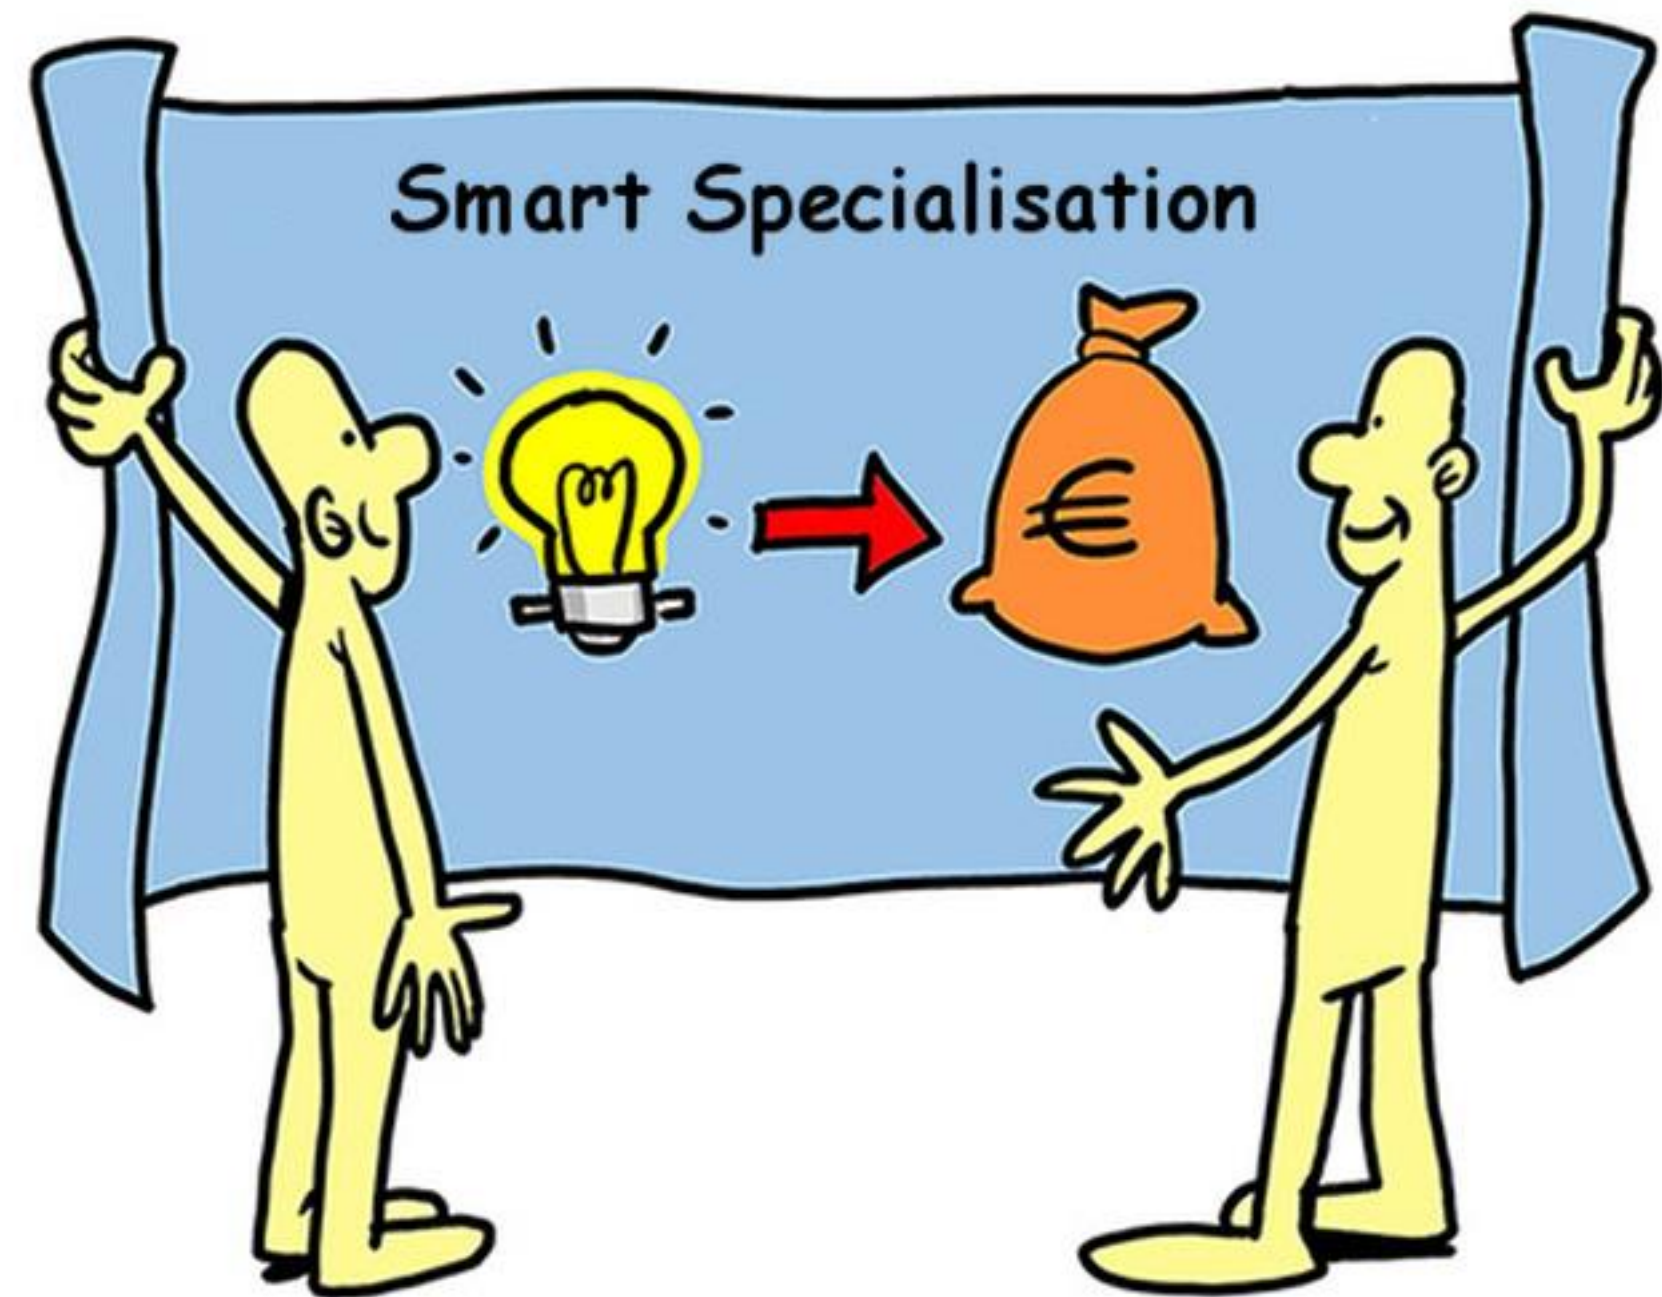

1. **A smarter Europe** (innovative & smart economic transformation)
2. **A greener, low-carbon Europe** (including energy transition, the circular economy, climate adaptation and risk management)
3. **A more connected Europe** (mobility and ICT connectivity)
4. **A more social Europe** (the European Pillar of Social Rights)
5. **A Europe closer to citizens** (sustainable and integrated development of urban, rural and coastal areas and local initiatives)

Horizontal issues:

- Partnership
- Administrative capacity building
- Co-operation between regions and across borders (embeds co-operation in mainstream)

Very suitable for Smart Villages but not the only option
