

# ENRD webinar on

## Preparing the CAP Strategic Plans: Designing the Intervention Strategy

### Agenda

2nd October 2020

*Webinar link will be provided to confirmed participants*

Drawing on experience from current Rural Development Programmes, as well as on past ENRD workshops and seminars designed to support the Member States (MS) in their preparations for the next programming period 2021-2027, the ENRD Contact Point is organising a webinar on preparing CAP Strategic Plans (CSPs), focusing on the designing of the intervention strategy. At this time in the process and in view of emerging needs in MS, the exchange of views, experience and knowledge is essential in moving towards the creation of the future CSPs. In this respect, focused discussions on the design of intervention strategies, is seen as one of the cornerstones of the overall process.

### Aims

In response to stakeholders' interest, this half-day webinar aims to:

- Present and discuss approaches to designing an intervention strategy for the future CSPs contributing to some CAP specific objectives, from the point of view of the legal proposal as well as from MS key questions and issues faced in the process;
- Exchange with Managing Authorities, Paying Agencies and national experts on the practical aspects of designing the intervention strategies, with a particular focus on identifying obstacles and key needs for additional support;
- Collect and share opinions, ideas and other useful inputs.
