	<input type="checkbox"/>	group of companies development project	
	<input checked="" type="checkbox"/>	company investment project	
	<input type="checkbox"/>	company start-up project	
<b>How the project relates with the LAG development strategy?</b>			
Strategy number 4: Supporting new rural services & job creation			
<b>Short description of the project</b>			
Transforming old Jumesniemi village shop into restaurant supporting the Vuorinen farm's touristic services. Share of touristic revenue in farm's total turnover is 10-15 % annually, the objective is to lift it to 20%.			
<b>LAG Manager's comments</b>			
The purpose of the project is to turn part of the strong tourist demand away from the old historical main building of the farm. In the renovated building the guests can be served more efficiently but still elegantly along the beautiful main road through the village. The objective is to generate one new full-time job.			
<b>Selection criteria assessment</b>		<b>1=no impact, 2=some impact, 3=high impact</b>	
In line with LAG strategy	3	Increases the company profitability	2
Based on true needs	3	Adequate private funding	3
Innovativeness	2	Realistic input-output ratio	3
Creates permanent results	3	Sustainable development	3
Creates new jobs	3	YHTEENSÄ	25
<b>Application process</b>			
Application received	14.3.11	In Sastamala 18.4.2011	
Board decision made	24.3.11	Secretary signature
