

CAP post 2020 –

Overview of proposals for LEADER and state of play of discussions

LEADER sub-group meeting 31 January 2019

Guido Castellano, Karolina Jasińska-Mühleck DG AGRI

- Very difficult budgetary context:
 - Brexit gap "12 billion"
 - New challenges (migration; security and defence; etc.)

- CAP: EUR 365 billion for EU-27
 - Around 5% cut for CAP, 15% for Pillar 2
- Re-balancing between EAGF and EAFRD possible through budget transfers:
 - 15% between both funds
 - additional 15% from EAGF to EAFRD for environment/climate interventions
 - additional 2% from EAGF to EAFRD for young farmers support

KEY ELEMENTS OF THE REFORM OF THE CAP

- 1. Simplified and modernised policy
- Rebalanced responsibilities with Member States (more subsidiarity)
- 3. More targeted, result and performance-based support
- Enhanced environmental and climate ambition

COMMON CAP OBJECTIVES

Increase **Competitiveness**

Rebalance
Power in Food Chain

- Foster a Resilient Farm Sector
- Bolster Environment and Climate
- Strengthen Fabric in Rural Areas

9 specific

CAP

OBJECTIVES

Sustainable Resource Management

Protect Food & health quality

Vibrant Rural Areas

Preserve

Landscapes &

Biodiversity

Cross-cutting:

- Knowledge & Innovation
- Sustainable Development
- Simplification

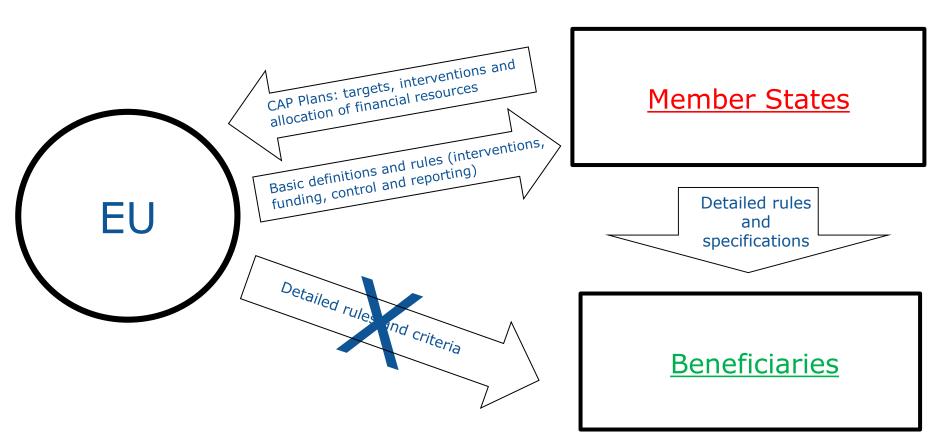

Support

Generational Renewal

A NEW CAP DELIVERY MODEL

A NEW GOVERNANCE

The Commission assesses and approves CAP plans and monitors progress.

Development of a national CAP Strategic Plan (MS)

Identification of needs, selection of interventions and quantified objectives, responsibility for the implementation, strong role of "partnership principle"

Annual and multiannual monitoring (MS, EU)

Annual report on the performance of the policy implementation

Definition of the European framework (EU)

9 objectives, indicators to monitor implementation, types of possible measures (interventions)

Implementation tailored to local realities (MS)

In order to improve the economic, social and environmental performance

Stability in national governance structures

(paying agencies, certifying bodies and systems in the management of agricultural plots)

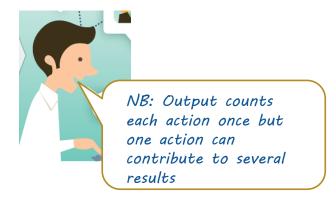

RURAL DEVELOPMENT

A COMMON SET OF INDICATORS

Implementation

Output Indicators

CAP Assurance

- · Give actions a number
- · Linked to expenditure

Result Indicators

CAP Plan Management

- Give actions a purpose
- For target setting and monitoring progress

Policy Assessment

Impact Indicators

CAP Policy Performance

 Contribute to evaluating performance

WHAT HAPPENS IF MS ARE OFF TARGETS/MILESTONES*?

Scenario A
Insufficient progress
MS develops action
plan and...

Problem fixed!
Implementation
back on track. No
further action
needed..

Scenario B
Insufficient progress
MS develops action
plan but...

Problem isn't fixed!
No sanctions because
MS did as agreed.
Potential
readaptation of plans

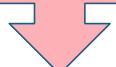

Scenario C

Insufficient progress

MS develops no or insufficient action plan

Commission suspends funds for x % of the future declarations related to the relevant interventions or spread over expenditure related to the pillar(s) concerned

MS introduces a proper action plan → Scenario A/B

MS does not react.

Amounts
suspended are cut

CAP STRATEGIC PLANS: CONTENT

Needs

- Analysis of sectorial and territorial needs
- Prioritization

Strategy

- Definition of intended results (targets)
- Budget allocations

Interventions

- Intervention design
- Description of eligibility criteria and rules

Common issues

- Definitions, conditionality, CAP Network
- Payment rights, reductions of payments

Other

- Financial plan, target values, milestones, goverance
- Modernisation and simplification

DESCRIPTION OF THE INTERVENTIONS

- Design/requirements of the intervention (incl. territorial scope)
- Eligibility conditions (incl. beneficiaries)
- Max. support rates / calculation methods
- Planned unit amount(s)
 annual planned outputs
 annual indicative financial allocation
 related specific objective(s) and result indicators

MAIN CONCERNS

- Integration (or not) of the EAFRD to CPR
- Strict demarcation EAFRD/ERDF except for LEADER (large infrastructure, business start-up outside agro-forestry activities)
- Practicalities of performance clearance and reporting (frequency, deviations)
- Ex-ante target setting for LEADER
- Eligibility of operations under LEADER
- Longer deadline (18 months from last OP/Plan adoption) for the selection of multi-funded LDS

POINTS OF CLARIFICATION

- LEADER part of CLLD
- All types of support under CLLD can be programmed under Cooperation
- Requirement for 2 partners to be met at the partnership level
- Projects can be supported throughout the 7+2 period
- Strategies should be multi-sectoral and area-based
- Public authorities also bound by control limitations in the decisionmaking

LEADER – LEGAL FRAMEWORK

CAP Plan Reg.

- Objectives of CAP and indicators
- Types of intervention for rural development
- CAP Plan
- · Monitoring, reporting and evaluation

Apply to the whole CAP

Common with ERDF, ESF+, EMFF

Horizontal Reg.

- Financing
- Management
- Monitoring

CPR (only recital & art. on CLLD)

- Role of CLLD
- Method
- Coordination in case of multi-funded strategies

LEADER - What stays?

- Compulsory part of the CAP Strategic Plan
- Can address all the objectives of the CAP
- Common CPR provisions on the method and coordination of CLLD for the 4 Funds
- Min. 5% EAFRD allocation; preferential co-financing (80%)
- Multi-fund approach of CPR applies
- Cooperation between all CLLD LAGs
- Possibility for 1 Fund to support all preparatory, management and animation costs

LEADER – Main changes (1)

Now Post-2020 Payments based on Payments based on results eligibility MS to design control and penalties system Detailed EU rules on control and penalties adapted to the type of intervention Objective of CLLD No reference to the role clearly spelled out of CLLD

- General requirement for coordination between Funds
- Obligatory joint call for LDS selection; joint committee to monitor LDS

LEADER – Main changes (2)

Now

Post-2020

- First selection round within 2 years after approval of PA
- First selection within 1 year (last OP adopted), LAGs to be operational
- Projects following the rules of the supporting Fund
- Lead Fund option for management and control of all projects in a multi-funded LDS
- Cooperation projects can be selected by MA, limitations concerning partners
- All projects to be selected by LAGs, freedom in choice of cooperation partners
- Advances for investments and RC & animation
- Advances for all types of support

Indicators for LEADER post 2020 – an example

RESULT

Employment, growth, social inclusion and local development

IMPACT

Employment rate

GDP per capita

Poverty index

% of rural population

New jobs

Population covered under a SV strategy

OUTPUT

TO SUM UP

LEADER in the future CAP

- LEADER an important building bloc within the future CAP architecture
- Key features + favourable conditions for LEADER preserved
- Opportunity to better adapt delivery system for LEADER to national conditions
- Involve stakeholders in the design
- Need to strengthen the value-added of the approach, show tangible results and the contributions to strategic EU priorities
