

# ENRD mini-workshop on 'Improving LEADER delivery for resilient rural territories' 'Zooming in'

**Peter Toth, ENRD Contact Point**

**Webinar, 18 September 2020**

# Meeting 'etiquette'

## Please

- keep your microphone muted during the event when others are speaking or presenting,

- request to speak with the 'Raise Hand' button (at the bottom of the participants window),

- use the 'Chat' window to share questions and comments during presentations, and use your camera / switch on video when speaking during the event.

## Introduction

Set the scene,  
'zooming in' – the  
main questions  
**(14:00-14:15)**

## Discussion

LEADER and resilience  
(communities, LAGs,  
delivery systems)  
**(14:15-15:30)**

## Summing up

Summing up, next  
steps  
**(15:30-15:45)**

## Multiple challenges

Climate change mitigation and adaptation  
Depopulation and ageing  
Economic recovery  
COVID-19 and its impact  
Transition and new programming  
Challenges currently unforeseen

## Some considerations

Cohesion of communities  
Flexibility and adaptability  
Self-reliance  
Greening  
Participation  
Cooperation  
Networking  
Strengthening resilience

## Questions for LEADER

How can LAGs relate to / work with local communities to make them more resilient?  
How to make LAGS more resilient?  
How to make LEADER delivery systems best suited to supporting rural resilience through LEADER?
