- *LAG self-assessment & evaluation*
- *LDS development*
- *State aid / public procurement*
- *Participatory methods*
- *Role of LAG managers*
- *Use of social media*

Training related to RDP/LEADER themes

- *Cooperation*
- *Short supply chains*
- *Innovation*
- *...*

Capacity-building methods

Continuous improvement of LEADER (e.g. Finland)

LAG management tools through LEADER Coordination Group (Sweden)

Peer-learning / learning networks (e.g. Belgium)

Linking LEADER and Thematic Group work

Purpose of this session

- To hear about useful practices related to LAG capacity-building
- Capacity-building related to the LEADER method (example of Finland)
- Capacity-building related to themes: focus on social inclusion / disadvantaged groups (Sweden & Hungary)
- Discussion on methods that work best: *What do we achieve through these (outcomes)? What do LAGs need? How can their needs be best addressed? What can NRNs offer?*
