Guidelines

Evaluation of National Rural Networks 2014-2020

Guidelines for the evaluation of NRNs

Networks and networking in EU RD policy

Why to evaluate NRNs?

Requirements for NRN evaluation in EU RD Policy

Introduction	Part I Managing NRN evaluation	Part II Methodolog. Handbook	Part III Toolbox

Who is involved and who does what?

Key steps in evaluation of NRN

for MA, NSU, NRN

3 STRUCTURING: Designing the framework for NRN evaluation

Revisiting the NRN(P) intervention logic
Review consistency of evaluation elements with IL
Choosing evaluation approach and method(s)
Establish system for collecting evidence for eval.

4. OBSERVING: Gathering the evidence for NRN evaluation

Develop and apply the tools needed for the collection of quantitative and qualitative data
Description of the process of NRN implementation
Consistency and completeness check

5. ANALYSING: Examining the available information

Introductory qualitative analysis and formulation of testable hypotheses
Testing and verification of hypotheses
Identifying net results of NRN interventions

6. JUDGING: Answering the evaluation questions

Judge on effectiveness and efficiency of the NRN, results/impacts and the degree of achievement of objectives
Identify factors of success and failure
Answer all evaluation questions
Draft conclusions and recommendations

for evaluators

Example of ToR

Good Practices on NRN evaluation
