Argyll – and the Islands of Mull and Iona

An Roth – our £1m Community Enterprise Centre with offices to rent and charity shop, built 5 years ago

Our community owned hydro turbine with Scottish Government minister Joe FitzPatrick MSP and two volunteers from Mull in the turbine house

Two families in our new Passivhaus standard houses to let at Ulva Ferry

The fully accessible Ulva Ferry Community Transport hybrid (diesel/electric) bus runs a scheduled service. Also electric Nissan Leaf for up to four passengers.

One of our sea eagles – 2.5m wing span and a major part of our tourism industry with more than 10 breeding pairs on Mull and only 45 pairs in Scotland

Volunteer helpers at Musical Minds (our dementia support Group) Christmas party in An Roth

Newly arrived containers as part of our income generating self-storage business

- Is it honestly working really well just now?
If not, then let's consider a different way.
- What if the politicians really can't make the best decisions?
- Believe in communities – and self-belief.
- Be brave, ambitious, plan for some failure, show leadership, ask for help, always about the people - not the money, level the playing fields, focus, challenge, truth, time.
