

**ENRD Seminar on
Stakeholder Involvement**

Brussels, 26 March 2015

Workshop 2

**Involving stakeholders in projects and local
strategies aimed at the
sustainable management of natural resources**

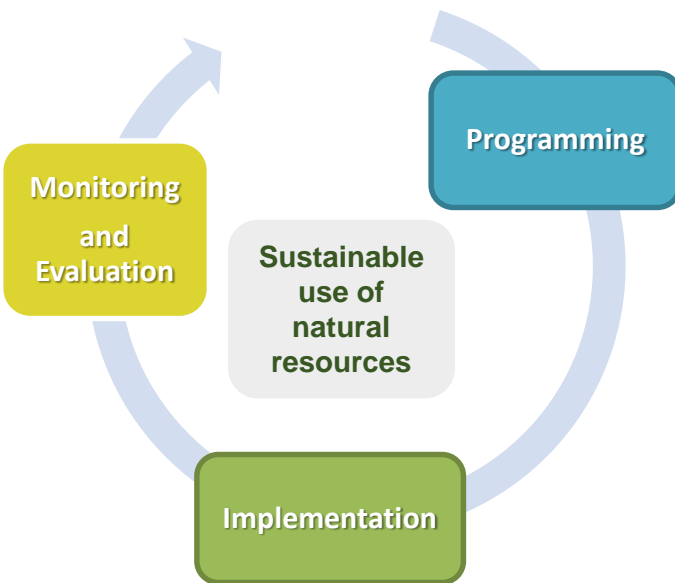

Introduction to the Workshop -1

What's this workshop about?

Better involvement of stakeholders for the **sustainable management of natural resources**

How to improve their involvement for better **local planning** and **project implementation**

Some considerations on effective involvement of stakeholders

- Demonstrate benefits and results
- Provide guidance and support
- Create a critical mass
- Find a common ground / build trust
- Ensure the right combination
- Broaden the focus (not only agri-env.)

Introduction to the Workshop - 2

Three short presentations

Encouraging land managers towards environmentally-sustainable practices

Involving and accompanying farmers in the restoration of blanket bogs in Wales
Arfon Williams, RSPB Wales

Improving capacity to plan and deliver environmental outcomes at local level

The eco-museum project in Monti Sibillini National Park, Italy
Ennio Merlini, WWF

Building successful and effective partnerships for the sustainable use of natural resources

A collective approach to farmland conservation: the Dutch case
Remco Schreuder, European network for territorial cooperation initiatives

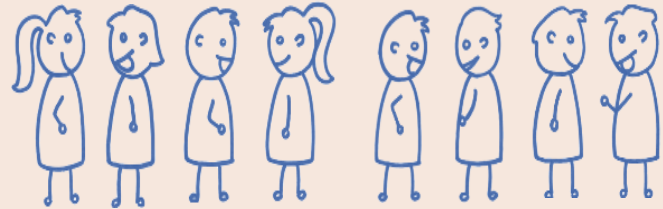

Workshop format

Three presentations:

- Involving farmers / land managers
- Improving local planning and delivery
- Building effective partnerships

Three discussions: 45 minutes

- *Focus on why? who? how?*
- *What are the challenges and recommendations*

Summary & conclusions
