NRN Workshop on Regionalisation

Questionnaire: Approaches to regionalised networking

This survey seeks feedback from the NSUs in all MSs about how the NRNs approach regional and local networking.

Please, try to be more specific in describing how networking at different regional/local level is happening and by highlighting how regional/local level actors respond (or not) to the network.

The outcomes of this survey will be resumed in a short summary 'mapping' report which will be followed by in-depth work in up to six Member States.

This questionnaire contains 11 questions and expected to take around 15 minutes.

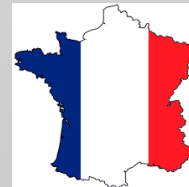

Please complete this survey by **10 March 2017**.

Group Exercise 1 The three elements of local Networking

WATER

- How the **flow** of information/communication works from the centre to the periphery?
- Are local stakeholders feeling informed and heard?

FIRE

- How to **inspire/motivate** local stakeholders?
- How do they organise their activities across the 7 core NRN tasks?

EARTH

- What should be done to make local stakeholders and intermediate organisations more **empowered** in delivering against the 7 NRN tasks?
- Are they autonomous enough?

THE MATRIX

Exploring how the NRNs approach regional and local networking

NAME-OF-THE-COUNTRY

- Which formal regional NRN structures are involved?
- What local initiatives have happened? Related to what NRN Tasks?
- What level of autonomy for the regional/local organisations?
