Rome, 13th of February 2018

National IT system for development of agriculture

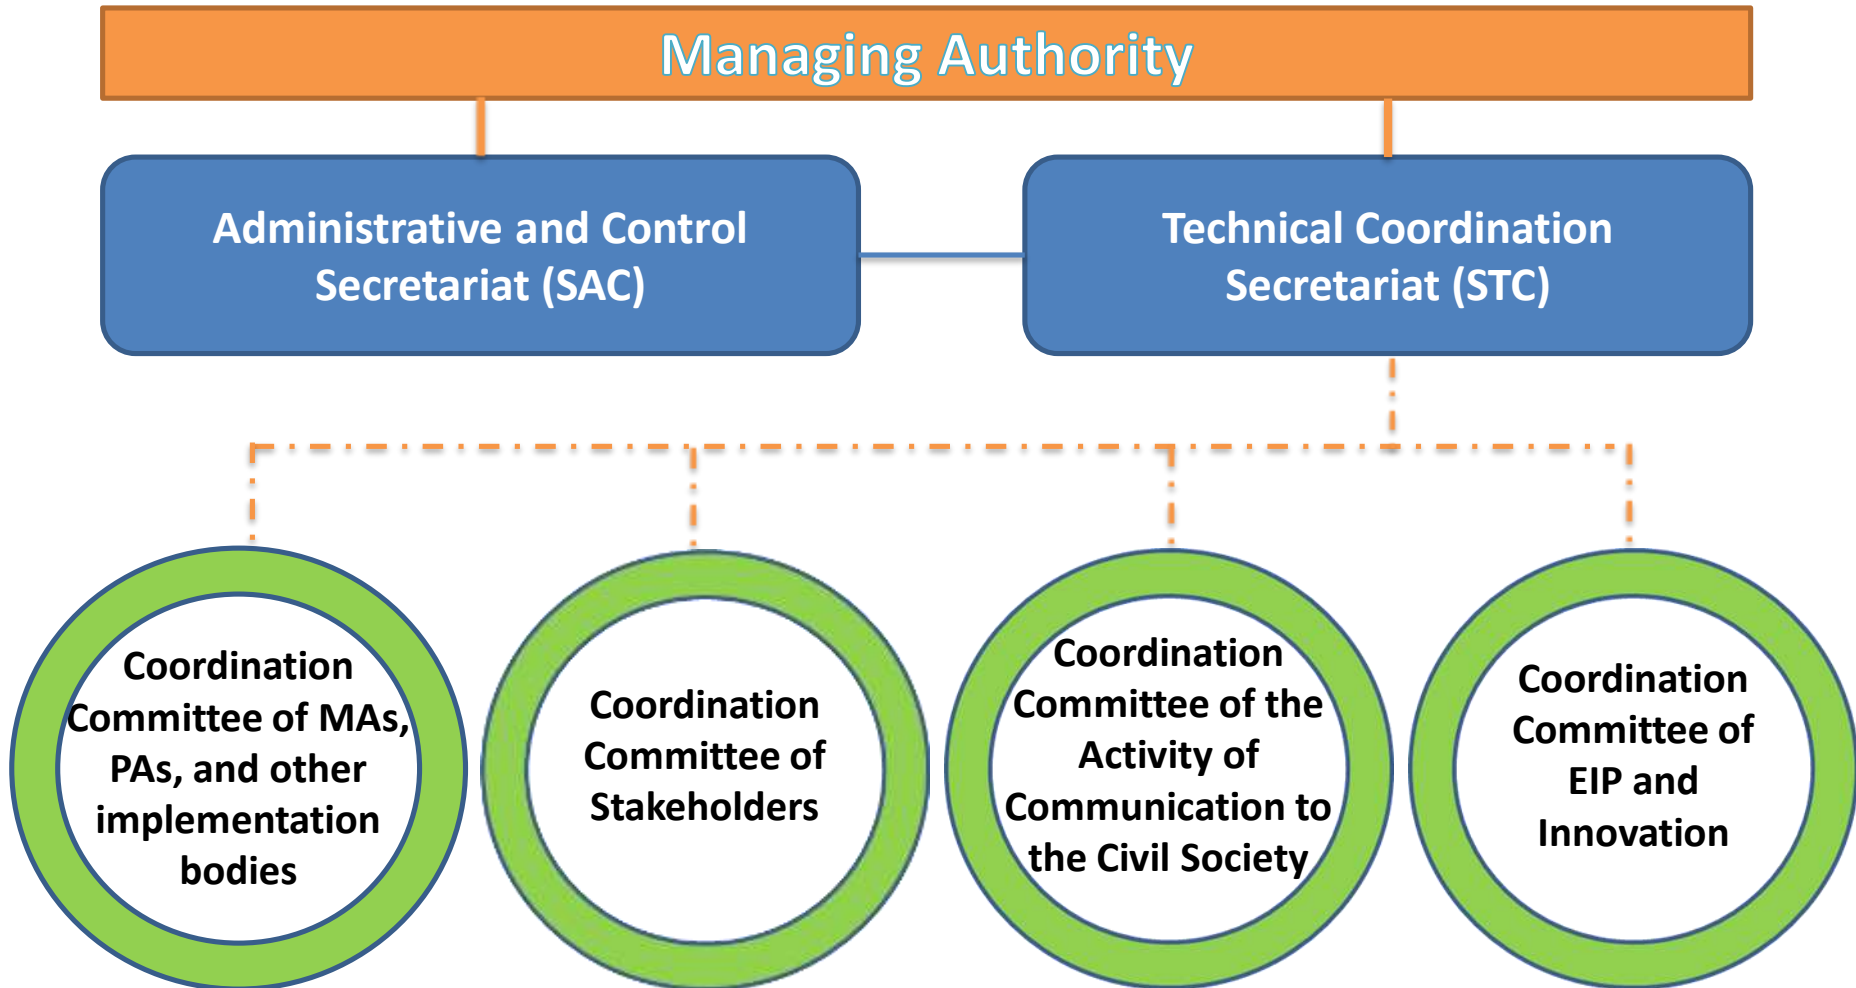

Implementing bodies

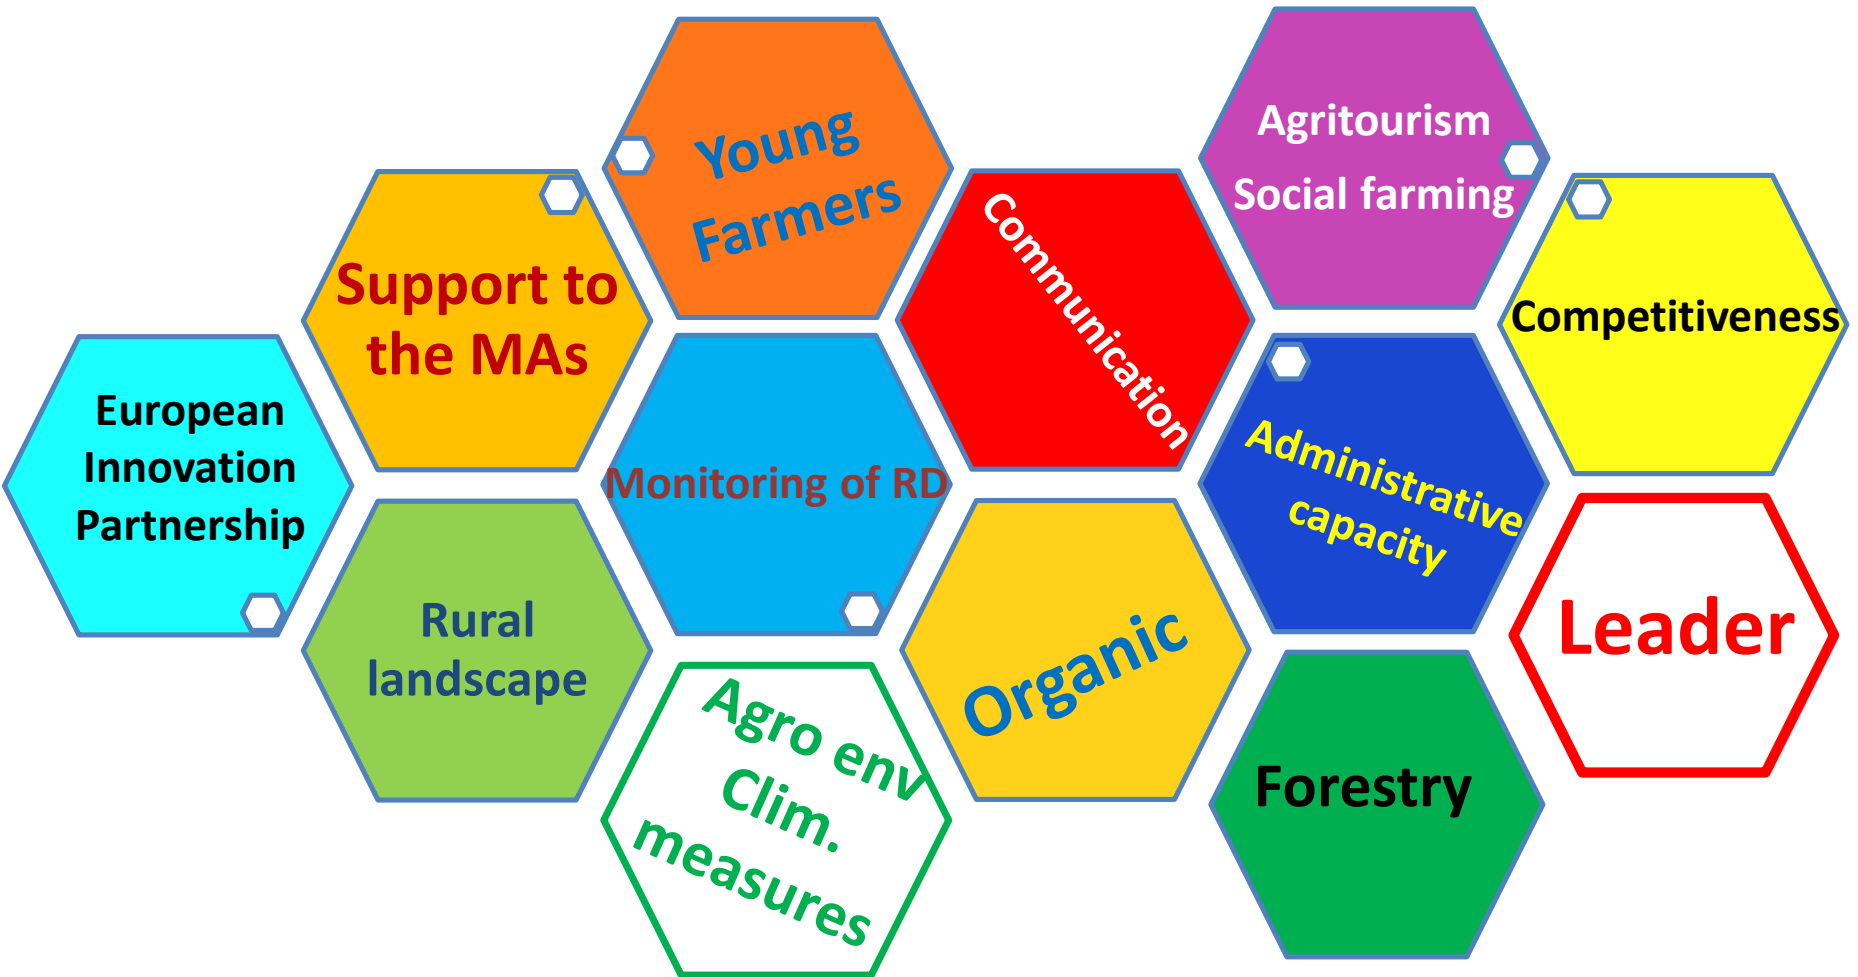

Institute of services for agriculture and food market

Council for research in agriculture and analysis of agrarian economics

Main topics

- Each topic is handled in one or more projects, with specific outputs and goals to be developed and reached in the course of a biannual plan.
- Each project details: human resources, budget, priorities and outputs foreseen (in terms of coordination documents, workshops, focus groups, data base, etc).
- Each project has a responsible tasked with its coordination.
- In the 2017/2018 Biannual Plan, we have 26 topics, 42 projects and 437 expected outputs.

2015 / 2016

2017 / 2018

25 experts in contact with the territory and RDPs regional Managing Authorities

Link between the Coordination Secretariat of the Network and the actors involved in the management of the RDPs

Identify the challenges for the RDP implementation

Finding common solutions.

Implementing NRN activities at local level

NEW 2014 - 2020 APPROACH :

- **Macro-regional organisation of competences (North, Centre, South) teams covering all RDP issues**
- **Support the NRN MA for the preparation of Biannual Plan**
- **More involved in specific projects → clear mission**
- **Improving the mobilisation of stakeholders**

Thank you for your attention !
