

Europe in your neighbourhood

Flemish Rural Network support unit

An annual event to communicate the practical benefits of the European rural development, regional, social, and fisheries funds to the broader public is jointly organised by the Flemish support units operating under the different funds.

The event features information stands, showcases a variety of projects operating in Flanders, and includes opportunities for citizens to meet with and experience the produce and results of businesses supported under the four EU funds.

Promotional activities include radio interviews, newsletters, a dedicated website and a Facebook event.

Target audience

Broader public

Results

The event is well-attended with over 500 visitors and receives positive feedback.
