EUROPEAN MOBILITY WEEK
Awards

Vienna, Austria
Winner, EUROPEAN MOBILITY WEEK Award 2017 for larger municipalities

Vienna, home to around 1.8 million people, impressed the jury with its outstanding programme of activities during EUROPEAN MOBILITY WEEK, which reflected a firm understanding of the theme of the 2017 campaign - Clean, shared, and intelligent mobility. Among other activities, residents of Vienna were able to rent cargo bikes free of charge, take guided walks through different city neighbourhoods, and join an urban picnic on a street previously reserved for vehicles.

Igoumenitsa, Greece
Winner, EUROPEAN MOBILITY WEEK Award 2017 for smaller municipalities

The city of Igoumenitsa took home the honour for its exemplary work in communicating the benefits of sustainable mobility to residents, including those who live in nearby small towns. Residents could avail of free transfers by bus at selected times, take part in cycling events held along the city’s coastal front, and join a cultural hike through the forest.

HOW to apply?

20 pages in English

juan.caballero@eurocities.eu
They must have signed the Charter and completed the three criteria:

- Organising a week of activities (16-22 September)
- Implementing at least one permanent measure (last 12 months)
- Organising Car-Free Day (preferably on 22 September)
Car-Free Day

• The area(s) will be closed to motorised traffic for most of the day (1h before/after working hours)
• Only pedestrians, cyclists, public transport and cleaner vehicles (LPG, NVG, electric, etc.) allowed
• Location and size to be selected carefully, taking into account the local context (future pedestrian area)

(!) Check Manual
Provide a map of the area closed to road traffic during Car-Free Day within your award application.
