

Commission Decisions for the award of the EU Ecolabel for detergents and cleaning products (2017)

Declaration B - from the manufacturer/supplier of the raw materials used for the production of dishwasher detergents

Declaration B is to be filled in by the supplier(s) of raw materials used as part of the formulation and of the packaging. Declaration B shall be based on the best of the supplier's knowledge at the time of declaring.

As the supplier of [insert in the following table the commercial product name and the type of raw material e.g. surfactants, solvents, etc.]

Raw material name	Type of raw material (surfactant, solvent, etc.)

I declare the following statements to be true:

Other

Criterion 4: Sustainable sourcing of palm oil, palm kernel oil and their derivatives

(Please complete the following statements for each raw material that you supply)
Name of the raw material:
I declare that the raw material does not contain ingoing substances derived neither from palm oil or palm kernel oil, nor from chemical derivatives of palm oil and for palm kernel oil.
I declare that the raw material contains ingoing substances derived from palm oil or palm kernel oil. And subsequently:
I declare that the palm oil or the palm kernel oil used in the manufacturing of the ingoing substances originates from sustainably managed plantations.
I declare that the palm oil or the palm kernel oil used in the manufacturing of the ingoing substances is covered by a Chain of Custody certificate (CoC).
I attach: (Please, select among the following choices)
RSPO certificate. Identity preserved.
RSPO certificate. Segregated.
RSPO certificate. Mass balance.

EU SE ECOLABEI

EU ECOLABEL USER MANUAL DETERGENTS AND CLEANING PRODUCTS

Commission Decisions for the award of the EU Ecolabel for detergents and cleaning products (2017)

palm oil or palm kernel oil. I declare	ains ingoing substances derived from chemical derivatives of that I participate in a book & claim system, and therefore bu ers and independent smallholders. I attach :	
RSPO credits	Other	

Criterion 5: Excluded and restricted substances

(a) Specified excluded and restricted substances

(i) Excluded substances

V

I declare that the raw materials do not contain any of the substances listed below regardless of concentration, (analytical limit of detection), with the exception of by-products and impurities from raw materials, which can be present up to a concentration of 0,010 % by weight in the final formulation:

- Alkyl phenol ethoxylates (APEOs) and other alkyl phenol derivatives;
- Atranol;
- Chloroatranol;
- Diethylenetriaminepentaacetic acid (DTPA);
- Ethylenediaminetetraacetic acid (EDTA) and its salts;
- Formaldehyde and its releasers (e.g. 2-bromo-2-nitropropane-1,3-diol, 5-bromo-5-nitro-1,3-dioxane, sodium hydroxyl methyl glycinate, diazolidinylurea), with the exception of impurities of formaldehyde in surfactants based on polyalkoxy chemistry up to a concentration of 0,010% weight by weight in the ingoing substance;
- Glutaraldehyde:
- Hydroxyisohexyl 3-cyclohexene carboxaldehyde (HICC);
- Microplastics;
- Nanosilver;
- Nitromusks and polycyclic musks;
- Per-fluorinated alkylates;
- Quaternary ammonium salts not readily biodegradable;
- Reactive chlorine compounds;
- Rhodamine B;
- Sodium hydroxyl methyl glycinate;
- Triclosan;
- 3-iodo-2-propynyl butylcarbamate;
- Phosphates.

(ii) Restricted substances

I declare that the raw materials contain the following substances at the concentrations indicated:

Raw material	Restricted substance	Concentration in the raw material (% weight by weight)
	2-methyl-2H-isothiazol-3-one	
	1,2-Benzisothiazol-3(2H)-one	

Version 2 - January 2019 2 | Page

Raw material	Classified substance	Classification	Concentration (%)

Version 2 - January 2019 3 | Page

Commission Decisions for the award of the EU Ecolabel for detergents and cleaning products (2017)

Restricted hazard classifications and their categorization

Category 3
H301 Toxic if swallowed
H311 Toxic in contact with skin
H331 Toxic if inhaled
EUH070 Toxic by eye contact
, ,
Category 2
H371 May cause damage to organs
H373 May cause damage to organs through prolonged
or repeated exposure
Category 1B
H317 May cause allergic skin reaction
H334 May cause allergy or asthma symptoms or
breathing difficulties if inhaled
Category 2
H341 Suspected of causing genetic defects
H351 Suspected of causing cancer
H361f Suspected of damaging fertility
H361d Suspected of damaging the unborn child
H361fd Suspected of damaging fertility. Suspected of
damaging the unborn child
H362 May cause harm to breast fed children
Categories 3 and 4
H412 Harmful to aquatic life with long-lasting effects
H413 May cause long-lasting effects to aquatic life

I declare that the raw materials contain the following derogated substances [insert the name and the amount in the final product of these substances]:

Substance	Hazard statement	Name of the substance	Concentration in the raw material (% weight by weight)
	H400 Very toxic to aquatic life		
Surfactants	H412 Harmful to aquatic life with long- lasting effects		
	H400 Very toxic to aquatic life		
Subtilisin	H411 Toxic to aquatic life with long- lasting effects		
Enzymes(*)	H317 May cause allergic skin reaction

Commission Decisions for the award of the EU Ecolabel for detergents and cleaning products (2017)

(Please complete the following statement **for each raw material** that you supply)

Name of the raw material:
The raw material contains colouring agents not approved for use in food. The following value has been measured in order to prove that such colouring agents are not bio-accumulating [choose the most appropriate according to the criterion text] :
BCF= (limit: < 100)
log K _{ow} = (limit: < 3,0)
☑ I attach supporting information: [indicate information attached]
The raw material contains colouring agents approved for use in food.
I attach supporting information: [indicate information attached]
The raw material does not contain colouring agents
(g) Enzymes
I declare that all the enzymes included in the raw materials are encapsulated (in solid form) or enzyme liquids/slurries. I attach supporting information: [indicate information attached]
The raw materials do not contain enzymes.
Criterion 6: Packaging
(a) Weight/utility ratio (WUR)
(Please complete the following statement for each packaging material that you supply)
Name of the packaging material:
I declare that packaging material is not made of recycled materials.
declare that packaging material contains% of recycled materials and it weightsg.
☑ I attach supporting information: [indicate information attached]

Version 2 - January 2019 6 | Page

Commission Decisions for the award of the EU Ecolabel for detergents and cleaning products (2017)

I do not supply packaging material.	
(b) Design for recycling	
I declare that packaging material is composed	d as follows:
Type of packaging	Materials and components
Label or sleeve	
Closure	
Barrier coatings	
Other	
I do not supply packaging material. I, the undersigned, hereby declare that all the documents with the criteria are true and correspond to reality.	uments provided to demonstrate the accomplishment
