

## Corrigendum of 29 September 2005

Please note that corrections have been made in the final reports on the following pages:

**Executive summary report:** page 2

**Summary report:** page 7

**Synthesis report:** page 71

**Full report:** page 317

The upper limitation criteria now read as follows in all reports.

*Upper limitation criteria:*

- ◆ X: Precautionary principle 
- ◆ Y: Worst case scenario for human health risks 
- ◆ Z: Existing limit values already agreed by the European Union
