What is ESCO?

A multilingual **classification** of European **Skills, Competences, Occupations and Qualifications**. It is available for free in 27 languages and in an open IT format.

What is in ESCO for you?

ESCO tackles several European labour market challenges:

- > Makes it easier for **graduates** to find their way to a **first job**
- > Helps employers **find more candidates** and jobseekers get **more opportunities** in Europe
- > Can help **address skills shortages in sectors** through interoperability and occupational mobility across sectors
- > Supports employers in **managing the workforce** and provides people with insights for a **sustainable career**.

Who uses ESCO?

Public and private organisations across Europe already use ESCO to **improve their services**: EURES, Adecco Group, Textkernel, Public Employment Service of Ireland, Cedefop, Milch & Zucker, and many more.
