

# ***Reactivate***

**List of employment services and partners in the EU countries**

**March 2019**

*This document is available in English only*

The job mobility scheme **REACTIVATE** is implemented by public employment services of the EU-28 countries. Other labour market organisations may also participate.

Activities are put in place by consortia involving public and private labour market organisations.

The lists hereunder provide the names and links of the **REACTIVATE employment services**.

**Registration/participation**

**All consortia provide information, recruitment, matching and placement support to jobseekers and employers from all Member States.**

*Are you a jobseeker or an employer from any of the consortia countries and wish to know more on participation conditions?*

Please consult the websites of the REACTIVATE employment services (please click on the names of the organisations hereinafter) and follow the procedure or refer to the contact details indicated on-line. Most websites are written in both the national language and in English. Some partner organisations may participate in more than one consortium.

If your country does not offer these services, you can also participate. Please refer preferably to the lead employment services.

**List of REACTIVATE Employment Services**
