The objectives pursued by the annual action programme to be financed under the Development Cooperation Instrument are to assist the Government of South Africa in eradicating poverty, promoting sustainable and inclusive growth, and consolidating and improving democratic and economic governance.

The action entitled "Gender Equality and Women Empowerment" has the overall objective of supporting the government of South Africa to improve gender equality in order to enhance the realisation of social and economic rights, specifically for women and girls. In line with "Building a capable and developmental State", the action will strengthen the capacities of the South African government to plan, budget and implement programmes that address gender equality and women’s empowerment more comprehensively. The proposed action will also support pilot innovations to address the scourge of gender-based violence and build the resilience of women and girls.

The action entitled "Support Programme to the transformation of the Wines and Spirits Sector in South Africa" has the overall objective of assisting the government to ensure a sustainable transformation in the wines and spirits industry through more equitable access to land specifically for farm workers, black farmers and black-owned brands, in particular women. It will also contribute to improve their skills and will address socio-economic issues. In line with the "Employment Creation" objective, the action will contribute to employment creation in the sector, skills development, and increasing opportunities for doing business for small, medium and micro-sized enterprises.

It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of Regulation (EU, Euratom) 2018/1046.

In order to allow for flexibility in the implementation of the programme, it is appropriate to allow changes which should not be considered substantial for the purposes of Article 110(5) of the Financial Regulation.

The actions provided for in this Decision are in accordance with the opinion of the Development Cooperation Instrument Committee established under Article 19 of Regulation (EU) No 233/2014.
