

Concept name	RESPER_RESEQ_A_2022_0000 (migr_res_esqrs)													
1. Contact														
Reference Country	Austria													
1.1. Contact organisation	Statistics Austria Federal Ministry of the Interior (data provider)													
Metadata updating date:	17-Apr-23													
2. Statistical presentation														
2.1. Data description	<p>Legal framework</p> <p>This metadata information is provided by the data provider at national level to ensure compliance with the legal requirements:</p> <ul style="list-style-type: none"> - Seasonal Workers data collection under Article 26 of Directive 2014/36/EU; - Intra-Corporate Transfers data collection under Article 24 of Directive 2014/66/EU; - Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs data collection under Article 38 of Directive (EU) 2016/801. <p>These statistics should be provided, in accordance with Regulation (EC) No 862/2007 of the European Parliament and of the Council of 11 July 2007 on Community statistics on migration and international protection. As required by Article 9 of the Regulation 862/2007, Member States must report to Eurostat on the data sources used, the reasons for the selection of these sources and the effects of the selected data on the quality of the statistics. Member States shall provide it with all the information necessary to evaluate the quality, comparability and completeness of the statistical information.</p> <p>The reference terms for the assessment of quality compliance are provided by Eurostat in the Residence permit statistics technical guidelines</p> <p>General data quality issues</p> <p>Data on Seasonal Workers under Article 26 of Directive 2014/36/EU See 8.1</p> <p>Data on Intra-Corporate Transfers under Article 24 of Directive 2014/66/EU For ICT 1.2, Austria cannot provide a breakdown by economic sector as this information is not available. Since the economic sector is central to this data set, Austria cannot provide it. ICT 2.1 and ICT 2.2 are not applicable to Austria, therefore this dataset cannot be provided. ICT 3 is partly not applicable to Austria, partly data are not available, therefore this dataset cannot be provided.</p> <p>Data on Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs under Article 38 of Directive (EU) 2016/801 SR 2 is not applicable to Austria, therefore this dataset cannot be provided.</p>													
4. Quality management														
4.1. Quality assurance	Upon processing of national statistics, general plausibility checks are performed. Some data is also checked at random during the reference year, in order to assess data quality. Any inconsistencies are reported to the competent authorities by means of a clearing house. This may also correct data. A quality evaluation cycle between Statistics Austria and the Federal Ministry of the Interior is part of the routine before submitting all labels to ESTAT.													
4.2. Quality management - assessment	<p>4.2.1. Description of the Quality management system at national level</p> <p>Data quality check is done before sending the statistics to Eurostat.</p> <p>4.2.2. General Quality assessment (Delete non-relevant attributes: Good quality / Sufficient quality / Poor quality)</p> <table border="1"> <thead> <tr> <th>Topics</th> <th>Output / Product Quality</th> <th>Details in case of sufficient quality / Poor quality</th> </tr> </thead> <tbody> <tr> <td>Seasonal Workers</td> <td>Good quality</td> <td></td> </tr> <tr> <td>Intra-Corporate Transfers</td> <td>Good quality</td> <td></td> </tr> <tr> <td>Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs</td> <td>Students/Researchers: Good quality</td> <td>Data for Other voluntary service, Pupil exchange scheme, Aupair not applicable; Data for Trainees not available</td> </tr> </tbody> </table> <p>Good quality (extensive quality) - covers all quality requirements, substantial quality checks are performed and a very good cooperation exists between institutions. Sufficient quality (acceptable quality) - covers minimum requirements, but issues still exist and more information/validation is needed for a better quality assessment and acceptable cooperation issues exists. Poor quality (inadequate quality) - the data do not meet the minimum requirements or there is not enough information for quality assessment and important cooperation issues exists.</p>		Topics	Output / Product Quality	Details in case of sufficient quality / Poor quality	Seasonal Workers	Good quality		Intra-Corporate Transfers	Good quality		Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs	Students/Researchers: Good quality	Data for Other voluntary service, Pupil exchange scheme, Aupair not applicable; Data for Trainees not available
Topics	Output / Product Quality	Details in case of sufficient quality / Poor quality												
Seasonal Workers	Good quality													
Intra-Corporate Transfers	Good quality													
Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs	Students/Researchers: Good quality	Data for Other voluntary service, Pupil exchange scheme, Aupair not applicable; Data for Trainees not available												
6. Accuracy and reliability														
6.1. Accuracy - overall	<p>6.1.1. Accuracy of the total provided for each dataset</p> <table border="1"> <thead> <tr> <th>Categories</th> <th>The interval in which the real population could be comparing with the total provided 100% = high accuracy (total provided reflects the real measured population)</th> <th>Details</th> </tr> </thead> <tbody> <tr> <td>Seasonal Workers</td> <td>100%</td> <td></td> </tr> <tr> <td>Intra-Corporate Transfers</td> <td>100%</td> <td></td> </tr> <tr> <td>Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs</td> <td>Students/Researchers: 100%</td> <td>Data for Other voluntary service, Pupil exchange scheme, Aupair not applicable; Data for Trainees not available</td> </tr> </tbody> </table>		Categories	The interval in which the real population could be comparing with the total provided 100% = high accuracy (total provided reflects the real measured population)	Details	Seasonal Workers	100%		Intra-Corporate Transfers	100%		Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs	Students/Researchers: 100%	Data for Other voluntary service, Pupil exchange scheme, Aupair not applicable; Data for Trainees not available
Categories	The interval in which the real population could be comparing with the total provided 100% = high accuracy (total provided reflects the real measured population)	Details												
Seasonal Workers	100%													
Intra-Corporate Transfers	100%													
Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs	Students/Researchers: 100%	Data for Other voluntary service, Pupil exchange scheme, Aupair not applicable; Data for Trainees not available												
6.5. Data revision - policy	Data revision policy at national level Data are not revised regularly, only when needed.													
8. Coherence and comparability														
8.1. Comparability - geographical Definitions applied according to the Residence permits technical guidelines	Provision of data using the Eurostat Residence permits statistics Technical Guidelines and exceptions applied Fully Compliance													

Coverage of specific subcategories relate to authorisations for the purpose of Seasonal Work - Issues with the definition applied see definitions from Eurostat Statistics Explained glosary: http://ec.europa.eu/eurostat/statistics-explained/index.php/Glossary:Coverage			
Categories	Accuracy issue	Description of the accuracy issue	Details about the impact on the statistics reported
Table SW1. Authorisations for the purpose of seasonal work by status, length of validity, economic sector and citizenship			
Authorisation issued for the first time	No issue		
Authorisation renewed/extended	No issue		
Authorisation withdrawn		Not available	Cannot be provided/Flag=0
Length of validity of authorisation (each sub-category)		Austrian data only available in months, not in days Data for Authorisation Withdrawn not available	Length categories differ slightly from ESTAT definitions Not available data cannot be provided/Flag=0
Economic sector (each sub-category)		Data for Authorisation Withdrawn not available	Not available data cannot be provided/Flag=0
Table SW2. Authorisations issued (first time) for the purpose of seasonal work by economic sector, sex and citizenship			
Authorisation issued	No issue		
Sex	No issue		
Economic sector (each sub-category)	No issue		
Coverage of specific subcategories relate to Intra-Corporate Transferee permits and permits for long-term mobility see definitions from Eurostat Statistics Explained glosary: http://ec.europa.eu/eurostat/statistics-explained/index.php/Glossary:Coverage			
Categories	Accuracy issue	Description of the accuracy issue	Details about the impact on the statistics reported
Table ICT1.1 The number of intra-corporate transferee permits (ICT permits and permits for long-term mobility) issued, renewed and withdrawn by type of permit, length of validity and citizenship			
ICT permit issued	No issue		
ICT permit renewed	No issue		
ICT permit withdrawn		Not available	Cannot be provided/Flag=0
LTM permit issued	No issue		
LTM permit renewed	No issue		
LTM permit withdrawn		Not available	Cannot be provided/Flag=0
Length of validity of the permits (each sub-category)		Data for Permit Withdrawn not available	Not available data cannot be provided/Flag=0
Table ICT1.2 The number of intra-corporate transferee permits issued (ICT permits and permits for long-term mobility) by type of permit, economic sector and citizenship			
ICT permit	No issue		
LTM permit	No issue		
Economic sector for ICT permits		Not available	Cannot be provided/Flag=0
Economic sector for LTR permits		Not available	Cannot be provided/Flag=0
Table ICT1.3 The number of intra-corporate transferee permits issued (ICT permits and permits for long-term mobility) by type of permit, length of validity, transferee position and citizenship			
ICT permit issued	No issue		
LTM permit issued	No issue		
Length of validity of ICT permits	No issue		
Length of validity of LTR permits	No issue		
Transferee position of ICT permits	No issue		
Transferee position of LTR permits	No issue		
Table ICT2.1 The number of intra-corporate notifications received by length of validity and citizenship			
Notification received		Not applicable in Austria	Cannot be provided/Flag=M
Notification objected		Not applicable in Austria	Cannot be provided/Flag=M
Length of validity of notification received		Not applicable in Austria	Cannot be provided/Flag=M
Length of validity of notification objected		Not applicable in Austria	Cannot be provided/Flag=M
Table ICT2.2 The number of intra-corporate notifications received by economic sector and citizenship			
Notification received		Not applicable in Austria	Cannot be provided/Flag=M
Notification objected		Not applicable in Austria	Cannot be provided/Flag=M
Economic sector for notification received		Not applicable in Austria	Cannot be provided/Flag=M
Economic sector for notification objected		Not applicable in Austria	Cannot be provided/Flag=M
Table ICT3 The number of permits for long-term mobility issued and notifications received, broken down by "first Member State" (see definition in section IV)			
LTM permits issued		Not available	Cannot be provided/Flag=0
Notification received		Not applicable in Austria	Cannot be provided/Flag=M
First Member State		Not available	Cannot be provided/Flag=0
Coverage of specific subcategories relate to authorisations issued for the purpose of research, studies, training, voluntary service, pupil exchange schemes or educational projects and au pairing see definitions from Eurostat Statistics Explained glosary: http://ec.europa.eu/eurostat/statistics-explained/index.php/Glossary:Coverage			

Categories	Accuracy issue	Description of the accuracy issue	Details about the impact on the statistics reported
Table SR1. The number of SR authorisations (by the first Member State) by reason, type of decision, citizenship and length of validity			
Reason for issuing the authorisation (each sub-category)		Other voluntary service, Pupil exchange scheme, Aupair not applicable in Austria; Trainees not available	Not applicable (Flag=M) and not available (Flag=O) data cannot be provided
SR authorisation issued	No issue		
SR authorisation renewed	No issue		
SR authorisation withdrawn		Not available	Cannot be provided/Flag=O
Length of validity of SR permits (each sub-category)	No issue	Other voluntary service, Pupil exchange scheme, Aupair not applicable in Austria; Trainees not available	Not applicable (Flag=M) and not available (Flag=O) data cannot be provided
Table SR2. The number of notifications (received by the second Member State) for researchers (and their family members) and students by reason, decision, citizenship and			
Reason for the notification		Not applicable in Austria	Cannot be provided/Flag=M
Notification received		Not applicable in Austria	Cannot be provided/Flag=M
Notification objected		Not applicable in Austria	Cannot be provided/Flag=M
Length of validity (each sub-category)		Not applicable in Austria	Cannot be provided/Flag=M
Table SR3. The number of authorisations (by the second Member State) for long-term mobility of researchers (and their family members) by reason, type of decision, citizenship and length of validity			
Reason for long-term mobility (each sub-category)	No issue		
Authorisation for long-term mobility issued;	No issue		
Authorisation for long-term mobility renewed;	No issue		
Authorisation for long-term mobility withdrawn		Not available	Cannot be provided/Flag=O
Length of validity (each sub-category)		Data for Withdrawn not available	Not available data cannot be provided/Flag=O

8.2. Comparability - over time

Methodological changes between the present reference year and previous year(s). Justification of the important changes in figures reported for the present reference year and previous year(s)

Other quality issues

-

12. Comment

The following classification is used for data availability at Eurostat level:

- The term "not applicable" related to the categories of permits which do not exist in national legislation/administrative procedures and therefore such statistics cannot be issued.
- The term "not available" relates to categories of data that exist in the national legal/administrative system but cannot be delivered under Residence permits statistics data collection for various reasons (e.g. data cannot exist, data exist but are not collected, data are unreliable, etc.).
