

Concept name	RESPER_RESEQ_A_2022_0000 (migr_res_esqrs)													
1. Contact														
Reference Country	ITALY													
1.1. Contact organisation	Ministry of Interior													
Metadata updating date:	6/6/2023													
2. Statistical presentation														
2.1. Data description	<p>Legal framework This metadata information is provided by the data provider at national level to ensure compliance with the legal requirements: - Seasonal Workers data collection under Article 26 of Directive 2014/36/EU; - Intra-Corporate Transfers data collection under Article 24 of Directive 2014/66/EU; - Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs data collection under Article 38 of Directive (EU) 2016/801.</p> <p>These statistics should be provided , in accordance with Regulation (EC) No 862/2007 of the European Parliament and of the Council of 11 July 2007 on Community statistics on migration and international protection. As required by Article 9 of the Regulation 862/2007, Member States must report to Eurostat on the data sources used, the reasons for the selection of these sources and the effects of the selected data on the quality of the statistics. Member States shall provide it with all the information necessary to evaluate the quality, comparability and completeness of the statistical information.</p> <p>The reference terms for the assessment of quality compliance are provided by Eurostat in the Residence permit statistics technical guidelines</p> <p>General data quality issues Data on Seasonal Workers under Article 26 of Directive 2014/36/EU</p> <p>Data on Intra-Corporate Transfers under Article 24 of Directive 2014/66/EU <i>[insert your text]</i></p> <p>Data on Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs under Article 38 of Directive (EU) 2016/801</p>													
4. Quality management														
4.1. Quality assurance														
4.2. Quality management - assessment	<p>4.2.1. Description of the Quality management system at national level</p> <p>Data quality check is done before sending the statistics to Eurostat.</p> <p>4.2.2. General Quality assessment (<i>Delete non-relevant attributes: Good quality / Sufficient quality / Poor quality</i>)</p> <table border="1"> <thead> <tr> <th>Topics</th> <th>Output / Product Quality</th> <th>Details in case of sufficient quality / Poor quality</th> </tr> </thead> <tbody> <tr> <td>Seasonal Workers</td> <td>Good quality</td> <td>No disaggregation for economic sector. Italy is working with Ministry of Labour and National Institute for Statistics, together with the Ministry of Interior in order to collect this information</td> </tr> <tr> <td>Intra-Corporate Transfers</td> <td>Good quality</td> <td></td> </tr> <tr> <td>Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs</td> <td>Sufficient quality</td> <td>Data are related to the national legislation and not to the SR Directive. For this reason Italy doesn't count pupils and au pairs. Data referred to the national law (Testo unico immigrazione) are of good quality</td> </tr> </tbody> </table> <p>Good quality (extensive quality) - covers all quality requirements, substantial quality checks are performed and a very good cooperation exists between institutions. Sufficient quality (acceptable quality) - covers minimum requirements, but issues still exist and more information/validation is needed for a better quality assessment and acceptable cooperation issues exists. Poor quality (inadequate quality) - the data do not meet the minimum requirements or there is not enough information for quality assessment and important cooperation issues exists.</p>		Topics	Output / Product Quality	Details in case of sufficient quality / Poor quality	Seasonal Workers	Good quality	No disaggregation for economic sector. Italy is working with Ministry of Labour and National Institute for Statistics, together with the Ministry of Interior in order to collect this information	Intra-Corporate Transfers	Good quality		Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs	Sufficient quality	Data are related to the national legislation and not to the SR Directive. For this reason Italy doesn't count pupils and au pairs. Data referred to the national law (Testo unico immigrazione) are of good quality
Topics	Output / Product Quality	Details in case of sufficient quality / Poor quality												
Seasonal Workers	Good quality	No disaggregation for economic sector. Italy is working with Ministry of Labour and National Institute for Statistics, together with the Ministry of Interior in order to collect this information												
Intra-Corporate Transfers	Good quality													
Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs	Sufficient quality	Data are related to the national legislation and not to the SR Directive. For this reason Italy doesn't count pupils and au pairs. Data referred to the national law (Testo unico immigrazione) are of good quality												
6. Accuracy and reliability														
6.1. Accuracy - overall	<p>6.1.1. Accuracy of the total provided for each dataset</p> <table border="1"> <thead> <tr> <th>Categories</th> <th>The interval in which the real population could be comparing with the total provided 100% = high accuracy (total provided reflects the real measured population)</th> <th>Details</th> </tr> </thead> <tbody> <tr> <td>Seasonal Workers</td> <td>100%</td> <td></td> </tr> <tr> <td>Intra-Corporate Transfers</td> <td>100%</td> <td></td> </tr> </tbody> </table>		Categories	The interval in which the real population could be comparing with the total provided 100% = high accuracy (total provided reflects the real measured population)	Details	Seasonal Workers	100%		Intra-Corporate Transfers	100%				
Categories	The interval in which the real population could be comparing with the total provided 100% = high accuracy (total provided reflects the real measured population)	Details												
Seasonal Workers	100%													
Intra-Corporate Transfers	100%													

	Students, Researchers, Trainees, Volunteers, Pupils and Au Pairs	NA	Data are related to the national legislation and not to the SR Directive. For this reason Italy doesn't count students, volunteers, pupils and au pairs. Data referred to the national law (Testo unico immigrazione) are of good quality																																																								
6.5. Data revision - policy	Data revision policy at national level <i>[present if any data revision is foreseen soon or if there is any revision policy with these statistics]</i>																																																										
8. Coherence and comparability																																																											
8.1. Comparability - geographical Definitions applied according to the Residence permits technical guidelines	Provision of data using the Eurostat Residence permits statistics Technical Guidelines and exceptions applied Fully Compliance																																																										
Coverage of specific subcategories relate to authorisations for the purpose of Seasonal Work - Issues with the definition applied see definitions from Eurostat Statistics Explained glosary: http://ec.europa.eu/eurostat/statistics-explained/index.php/Glossary:Coverage																																																											
<table border="1"> <thead> <tr> <th>Categories</th> <th>Accuracy issue</th> <th>Description of the accuracy issue</th> <th>Details about the impact on the statistics reported</th> </tr> </thead> <tbody> <tr> <td colspan="4">Table SW1. Authorisations for the purpose of seasonal work by status, length of validity, economic sector and citizenship</td> </tr> <tr> <td>Authorisation issued for the first time</td> <td>No issue</td> <td>seasonal are all first time issue</td> <td></td> </tr> <tr> <td>Authorisation renewed/extended</td> <td>No issue</td> <td>NA</td> <td></td> </tr> <tr> <td>Authorisation withdrawn</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>Length of validity of authorisation (each sub-category)</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>Economic sector (each sub-category)</td> <td>No disaggregation</td> <td>No disaggregation for economic sector. Authorisations for the purpose of seasonal work by status, length of validity, economic sector and citizenship				Authorisation issued for the first time	No issue	seasonal are all first time issue		Authorisation renewed/extended	No issue	NA		Authorisation withdrawn	No issue			Length of validity of authorisation (each sub-category)	No issue			Economic sector (each sub-category)	No disaggregation	No disaggregation for economic sector. Italy is working with Ministry of Labour and National Institute for Statistics, together with the Ministry of Interior in order to collect this information		Table SW2. Authorisations issued (first time) for the purpose of seasonal work by economic sector, sex and citizenship				Authorisation issued	No issue			Sex	No issue			Economic sector (each sub-category)	No disaggregation	No disaggregation for economic sector. Italy is working with Ministry of Labour and National Institute for Statistics, together with the Ministry of Interior in order to collect this information													
Categories	Accuracy issue	Description of the accuracy issue	Details about the impact on the statistics reported																																																								
Table SW1. Authorisations for the purpose of seasonal work by status, length of validity, economic sector and citizenship																																																											
Authorisation issued for the first time	No issue	seasonal are all first time issue																																																									
Authorisation renewed/extended	No issue	NA																																																									
Authorisation withdrawn	No issue																																																										
Length of validity of authorisation (each sub-category)	No issue																																																										
Economic sector (each sub-category)	No disaggregation	No disaggregation for economic sector. Italy is working with Ministry of Labour and National Institute for Statistics, together with the Ministry of Interior in order to collect this information																																																									
Table SW2. Authorisations issued (first time) for the purpose of seasonal work by economic sector, sex and citizenship																																																											
Authorisation issued	No issue																																																										
Sex	No issue																																																										
Economic sector (each sub-category)	No disaggregation	No disaggregation for economic sector. Italy is working with Ministry of Labour and National Institute for Statistics, together with the Ministry of Interior in order to collect this information																																																									
Coverage of specific subcategories relate to Intra-Corporate Transferee permits and permits for long-term mobility see definitions from Eurostat Statistics Explained glosary: http://ec.europa.eu/eurostat/statistics-explained/index.php/Glossary:Coverage																																																											
<table border="1"> <thead> <tr> <th>Categories</th> <th>Accuracy issue</th> <th>Description of the accuracy issue</th> <th>Details about the impact on the statistics reported</th> </tr> </thead> <tbody> <tr> <td colspan="4">Table ICT1.1 The number of intra-corporate transferee permits (ICT permits and permits for long-term mobility) issued, renewed and withdrawn by type of permit, length of validity and citizenship</td> </tr> <tr> <td>ICT permit issued</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>ICT permit renewed</td> <td>No issue</td> <td>not applicable</td> <td></td> </tr> <tr> <td>ICT permit withdrawn</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>LTM permit issued</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>LTM permit renewed</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>LTM permit withdrawn</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>Length of validity of the permits (each sub-category)</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td colspan="4">Table ICT1.2 The number of intra-corporate transferee permits issued (ICT permits and permits for long-term mobility) by type of permit, economic sector and citizenship</td> </tr> <tr> <td>ICT permit</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>LTM permit</td> <td>No issue</td> <td></td> <td></td> </tr> <tr> <td>Economic sector for ICT permits</td> <td>No disaggregation</td> <td>not available</td> <td></td> </tr> <tr> <td>Economic sector for LTR permits</td> <td>No disaggregation</td> <td>not available</td> <td></td> </tr> </tbody> </table>				Categories	Accuracy issue	Description of the accuracy issue	Details about the impact on the statistics reported	Table ICT1.1 The number of intra-corporate transferee permits (ICT permits and permits for long-term mobility) issued, renewed and withdrawn by type of permit, length of validity and citizenship				ICT permit issued	No issue			ICT permit renewed	No issue	not applicable		ICT permit withdrawn	No issue			LTM permit issued	No issue			LTM permit renewed	No issue			LTM permit withdrawn	No issue			Length of validity of the permits (each sub-category)	No issue			Table ICT1.2 The number of intra-corporate transferee permits issued (ICT permits and permits for long-term mobility) by type of permit, economic sector and citizenship				ICT permit	No issue			LTM permit	No issue			Economic sector for ICT permits	No disaggregation	not available		Economic sector for LTR permits	No disaggregation	not available	
Categories	Accuracy issue	Description of the accuracy issue	Details about the impact on the statistics reported																																																								
Table ICT1.1 The number of intra-corporate transferee permits (ICT permits and permits for long-term mobility) issued, renewed and withdrawn by type of permit, length of validity and citizenship																																																											
ICT permit issued	No issue																																																										
ICT permit renewed	No issue	not applicable																																																									
ICT permit withdrawn	No issue																																																										
LTM permit issued	No issue																																																										
LTM permit renewed	No issue																																																										
LTM permit withdrawn	No issue																																																										
Length of validity of the permits (each sub-category)	No issue																																																										
Table ICT1.2 The number of intra-corporate transferee permits issued (ICT permits and permits for long-term mobility) by type of permit, economic sector and citizenship																																																											
ICT permit	No issue																																																										
LTM permit	No issue																																																										
Economic sector for ICT permits	No disaggregation	not available																																																									
Economic sector for LTR permits	No disaggregation	not available																																																									

Table ICT1.3 The number of intra-corporate transferee permits issued (ICT permits and permits for long-term mobility) by type of permit, length of validity, transferee position and citizenship			
ICT permit issued	Not available		
LTM permit issued	Not available		
Length of validity of ICT permits	Not available		
Length of validity of LTR permits	Not available		
Transferee position of ICT permits	Not available		
Transferee position of LTR permits	Not available		
Table ICT2.1 The number of intra-corporate notifications received by length of validity and citizenship			
Notification received	No issue		
Notification objected	No issue		
Length of validity of notification received	No issue		
Length of validity of notification objected	No issue		
Table ICT2.2 The number of intra-corporate notifications received by economic sector and citizenship			
Notification received	No issue		
Notification objected	No issue		
Economic sector for notification received	No issue		
Economic sector for notification objected	No issue		
Table ICT3 The number of permits for long-term mobility issued and notifications received, broken down by "first Member State" (see definition in section IV)			
LTM permits issued	No issue		
Notification received	No issue		
First Member State	No issue		
Coverage of specific subcategories relate to authorisations issued for the purpose of research, studies, training, voluntary service, pupil exchange schemes or educational projects and au pairing			
see definitions from Eurostat Statistics Explained glosary: http://ec.europa.eu/eurostat/statistics-explained/index.php/Glossary:Coverage			
Categories	Accuracy issue	Description of the accuracy issue	Details about the impact on the statistics reported
Table SR1. The number of SR authorisations (by the first Member State) by reason, type of decision, citizenship and length of validity			
Reason for issuing the authorisation (each sub-category)	Partial data	only researcher and not students	
SR authorisation issued	Partial data	only researcher and not students	
SR authorisation renewed	Partial data	only researcher and not students	
SR authorisation withdrawn	Partial data	only researcher and not students	
Length of validity of SR permits (each sub-category)	No issue		
Table SR2. The number of notifications (received by the second Member State) for researchers (and their family members) and students by reason, decision, citizenship and length of validity			
Reason for the notification	Partial data	only researchers	
Notification received	Partial data	only researchers	
Notification objected	Partial data	only researchers	
Length of validity (each sub-category)	No issue		
Table SR3. The number of authorisations (by the second Member State) for long-term mobility of researchers (and their family members) by reason, type of decision, citizenship and length of validity			
Reason for long-term mobility (each sub-category)	Partial data	only researcher and not family members	
Authorisation for long-term mobility issued;	Partial data	only researcher and not family members	
Authorisation for long-term mobility renewed;	Partial data	only researcher and not family members	
Authorisation for long-term mobility withdrawn	Partial data	only researcher and not family members	
Length of validity (each sub-category)	No issue		

Other quality issues	<p><i>[present if the data is comparable over time (if there is any methodological or technical change that might affect the comparability between years)]</i></p> <p><i>[add any relevant information for the data users here; for example, provide information on the (unusual) trends recorded]</i></p>
12. Comment	<p>The following classification is used for data availability at Eurostat level:</p> <ul style="list-style-type: none">• The term "not applicable" related to the categories of permits which do not exist in national legislation/administrative procedures and therefore such statistics cannot be issued.• The term "not available" relates to categories of data that exist in the national legal/administrative system but cannot be delivered under Residence permits statistics data collection for various reasons (e.g. data cannot exist, data exist but are not collected, data are unreliable, etc.).
