INSTRUCTION FOR FILLING

Table 1: The data is recorded only for cow's milk.

To be completed by all dairies who directly collecting milk from farms or through purchase stations, or have its own production. Do not include purchased raw milk from other dairies or imported.

Table 2: The data in this table has to be filled out by all dairies. Data are related to quantities of finished products intended for direct consumption (distribution to stores).

Do not include quantities:

- 1) products sold by dairies to another dairy farmer regardless of their intended use;
- 2) own dairy products used by dairies as raw materials for the same dairy industry for the production of other dairy products.
