

Obligatory Nature: Laws 4/1990 and 13/1996 establish the obligation to provide data requested for the compilation of this statistic.

Deadline for completion: The questionnaire must be completed within 15 days of receipt.

In compliance with Regulation (EC) No. 1091/2018 of the European Parliament and of the Council of the European Union

Thank you for your cooperation

GENERAL INSTRUCTIONS

Please read the attached Instruction Sheet carefully.

Information unit: The content of the questionnaire will refer to the data on the structure of the **Agricultural Exploitation** of the person that appears on the identification label.

If you are the holder of several agricultural holdings covered by this census, you must complete one questionnaire for each holding.

In case of doubt, please contact our offices via the free phone number indicated on the label.

How to complete the questionnaire?

- **Online:** Access the website indicated on the label and enter your access codes (order number and password).
- **By postal mail:** Fill out this questionnaire and send it to us in the enclosed, postage-free envelope.

Reference period: the data in this questionnaire must refer to the **2020 AGRICULTURAL SEASON** (From October 1, 2019 to September 30, 2020) except in those sections where another date is indicated.

Identification data

1. CORRECTION OF IDENTIFICATION DATA

Please check whether all the information on the label is correct and complete, otherwise correct it in this section.

Important: in the event of a change of holder (e.g. due to a family transfer, change of legal form...), enter the full details of the new holder

Name or business name: _____

NIF: _____

Address: _____

Province: _____

Municipality: _____

City, place, village...: _____

Postal code: _____

2. CONTACT DETAILS OF THE HOLDER AND THE RESPONDENT

2.1 Contact details of the holder

Telephone 1: _____ Telephone 2: _____ Fax: _____

E-mail: _____

2.2 Who will complete this questionnaire? (respondent)

- The owner himself/herself → **Go to section 3**
- Another person (and/or when ownership is of a Company)

Respondent's name: _____

1st Last Name _____

2nd Last Name _____

Telephone 1: _____ Telephone 2: _____ Fax: _____

E-mail: _____

For the purposes of this statistical operation, the following DEFINITIONS are considered

Agricultural holding: It is the whole of the land and/or livestock that is under the responsibility of the holder and in which the same means of production are used (machinery, land, facilities, fertilizers...). If they are land or livestock facilities that are far away enough, so that different labour and machinery are used on each site, it must be understood that there is more than one holding.

Agricultural holder: It is the natural person, group of natural persons or legal entity who assumes legal and economic responsibility for an agricultural or livestock holding and makes the decisions regardless of whether or not he/she is the owner or independently of age or employment situation (retired or not). He or she can manage it directly or through another person (for example, a family member or other salaried employee).

Agricultural holder is also considered to be the owner of unexploited or abandoned land, meaning that it is not economically productive and that no other person or society exploits it.

How to record the data: All agricultural areas except for mushrooms (section 8), will be recorded in **HECTARES**, with two decimals.

According to these definitions, please answer the following questions:

3. THE HOLDER AND THEIR AGRICULTURAL HOLDING

3.1 If you **sold or transferred all the land and/or livestock facilities**, or returned them to their owner before October 1, 2019, please indicate the area sold or transferred

Area sold or transferred: _____ 025 Hectares (with 2 decimals) _____ , _____ **Questionnaire completion ends here.**
Please send the questionnaire in the postage-paid envelope you received.

3.2 Does the holder have more than one agricultural holding? (If in doubt, see definition of agricultural holding)

- 070 1 Owner of a single holding
 2 Owner of more than one holding

In this case, you must complete a questionnaire for each of your holdings. If you have not received the corresponding questionnaires, please contact our offices via the toll-free telephone number so that we can provide you with new questionnaires. DO NOT use photocopies.

3.3 Indicate who the holder of the holding is

- 072 1 Sole holder, natural person
 2 Various non-associated natural persons (includes various family members or other non-contractual relationships)
 3 Entity without its own legal personality (Community of Assets, Remaining Inheritance...)
 4 Legal entity → Does it belong to a business group? NO
 YES

3.4 Does your holding have land dedicated to other non-agricultural or livestock purposes?

- NO → Go to section 4
 Sí → Indicate the number of hectares used for other non-agricultural purposes

_____ 086 Hectares (with 2 decimals) _____ , _____

Indicate what other purposes the land is used for:

- 087 Developable land, expropriations for roads, railways...
 088 Riding schools, leisure facilities, slaughterhouses, animal trade, pet breeding, zoos...
 089 Agricultural services companies
 090 Solar and wind farms, antennas and electric power installations
 091 Others (specify): _____

4. MANAGER OF THE HOLDING

Manager of the holding is understood as the natural person responsible for the current and daily financial and production activities of the farm.

4.1 Indicate who the manager of the holding is

- 100
- | | |
|--|--|
| <input type="checkbox"/> 1 It is the sole holder | <input type="checkbox"/> 5 The holder and other family members |
| <input type="checkbox"/> 2 The holder's spouse | <input type="checkbox"/> 6 The holder and other persons |
| <input type="checkbox"/> 3 The holder and their spouse | <input type="checkbox"/> 7 Other persons |
| <input type="checkbox"/> 4 Other member of the holder's family | |

4.2 Information on the manager of the holding

In the event that there is more than one person acting as holding manager, fill in the details of the person with the most responsibility and, failing that, the oldest. (In the case of entities without their own legal personality, select a partner as head of the operation).

Gender	Year of birth	Agricultural training	Have you received any training course in the last 12 months?	Year in which you started working as holding manager
101 <input type="checkbox"/> Male <input type="checkbox"/> Female	102 <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	103 <input type="checkbox"/> Agricultural practical experience only <input type="checkbox"/> Agricultural training courses <input type="checkbox"/> Professional agricultural studies <input type="checkbox"/> University and/or Higher Agricultural Studies	104 <input type="checkbox"/> YES <input type="checkbox"/> NO	105 <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>

A **day worked** on the farm is understood as a day of at least 8 hours of work or the sum of several partial days adding up to 8 hours. To calculate these days, only the hours spent in agricultural activity will be taken into account, excluding the hours dedicated to other non-agricultural lucrative activities.

Full time is considered when 100% of the working day is worked on the farm, carrying out agricultural activity. Approximately 225 days/year.

% of days worked/year

- 106
- | | |
|---|--|
| <input type="checkbox"/> From > 0% to < 25% | Work in agricultural activity more than 0% and less than 25% of the days |
| <input type="checkbox"/> From ≥ 25% to < 50% | Work in agricultural activity more than 25% and less than 50% of the days |
| <input type="checkbox"/> 50% | Work in agricultural activity 50% of the days |
| <input type="checkbox"/> From > 50% to < 75% | Work in agricultural activity more than 50% and less than 75% of the days |
| <input type="checkbox"/> From ≥ 75% to < 100% | Work in agricultural activity more than 75% and less than 100% of the days |
| <input type="checkbox"/> 100% | Work in agricultural activity 100% of the days |

6. USED AGRICULTURAL AREA CROPS, FALLOW, LAND FOR PASTURE AND ORCHARDS FOR OWN CONSUMPTION

It is important **NOT TO COUNT THE SAME AREA MORE THAN ONE TIME**

IMPORTANT CRITERIA

Successive crops:

In the event that the same parcel has been dedicated to two or more crops (or uses) at different times of the agricultural season, consider only that which is harvested during the campaign. In the event that more than one crop has been harvested, consider the one with the highest production value as the main one or, failing that, the one that occupies the land the longest during the campaign.

Secondary cultivation SHOULD NOT BE CONSIDERED.

Associated crops:

In the event that two or more crops have coexisted on the same plot at the same time (association of crops), **ALL OF THEM MUST BE CONSIDERED**, indicating in each crop (or use) their proportional area.

For example, if the plot is 10 ha, and olive groves and vineyards coexist at 30% and 70% respectively, you must indicate 3 ha for olive groves and 7 ha for the vineyard.

6.1 Indicate the grouped area of each crop on the holding

CROPS IN GREENHOUSE OR IN HIGH ACCESSIBLE SHELTER

		Hectares (to 2 decimals places)
Vegetables including melons and strawberries _____	200	□□□□□□□□, □□

OBSERVATIONS _____

Please submit the questionnaire in the postage-paid envelope you received. Thank you for your cooperation

Nature, characteristics and purpose

The Agricultural Census is part of statistical operation 30042 of the 2017-2020 National Statistical Plan. It is a large-scale operation sponsored by the State, conducted on a ten-year basis, for the collection, elaboration and publication of information on the structure of the agrarian sector. The Census mainly provides data relating to the organisation and structure characteristics of the sector, and to the use of resources, such as land, water, livestock and labour.

Legislation

Compulsory Statistical Legislation

Regulation (EU) No. 2018/1091 of the European Parliament and of the Council of the European Union of July 18, 2018, establishes that the Member States will carry out a General Census of all agricultural holdings in 2020. On the other hand, the second additional provision of Law 13/1996, of 30 December 1996, indicates as compulsory those statistics which must be compiled by the Spanish State in compliance with European Union regulations.

Statistical secrecy

Personal data obtained by the statistical services both directly from the informants and through administrative sources will be subject to protection and will be covered by statistical secrecy (Article 13.1 of the Law on Public Statistical Function [LFEP, for its acronym in Spanish] of May 9, 1989). All statistical personnel will have the obligation to preserve statistical secrecy (article 17.1 of the LFEP).

Obligation of providing data

“Laws 4/1990 and 13/1996 establish the obligation to provide data requested for the compilation of this statistic. The statistical services may request data from all individuals and legal entities, domestic or foreign, resident in Spain (article 10.1 of the LFEP). All natural and legal persons who provide data, whether their collaboration is mandatory or voluntary, must answer in a truthful, exact, complete and timely manner the questions ordered in due form by the statistical services (Article 10.2 of the LFEP).

Failure to comply with the obligations established in this Law regarding statistics for state purposes will be sanctioned in accordance with the provisions in the norms contained in this Title (article 48.1 of the LFEP). Very serious infringements will be sanctioned with fines ranging from **3,005.07 to 30,050.61 euros**. Serious infringements will be sanctioned with fines ranging from **300.52 to 3,005.06 euros**. Minor infringements will be sanctioned with fines of **60.10 to 300.51 euros** (articles 51.1, 51.2 and 51.3 of the LFEP).

Basic information on Data Protection	
<i>Responsible</i>	The National Statistics Institute.
<i>Purpose</i>	Conducting of this Survey of the National Statistical Plan
<i>Legitimation</i>	Execution of a task carried out in the public interest or in the exercise of a public authority
<i>Recipients</i>	No data is transferred to third parties unless there is a legal obligation to do so
<i>Rights</i>	In accordance with article 89.2 of Regulation 2016/679 regarding the protection of natural persons' data and article 25.3 of Organic Law 3/2018 on Personal Data Protection and Guarantee of Digital Rights, the rights of access, rectification, opposition and limiting treatment are not exercisable.
<i>Additional information</i>	You can consult the additional and detailed information on Data Protection on the INE website: http:// www.ine.es/data_protection/oe/30042
