

## List of the recognized research entities

This list enumerates entities that have been recognized as research entities by Eurostat. In order to apply for recognition please consult the document "How to apply for microdata access?"

<http://ec.europa.eu/eurostat/web/microdata/overview>

The researchers of the entities listed below may submit research proposals. The research proposal will be assessed by Eurostat and the national statistical authorities which transmitted the confidential data concerned. Eurostat will regularly update this list and perform regular re-assessments of the research entities included in the list.

| Country              | City      | Research entity English name   | Research entity official name   |
