

45/2018 - 19 March 2018

As announced in the previous News Release, from January 2018 onwards indices for production in construction are calculated and presented with 2015 as a new base year – see also the [weights of the Member States in the EU and euro area aggregates](#).

January 2018 compared with December 2017

Production in construction down by 2.2% in euro area Down by 2.1% in EU28

In January 2018 compared with December 2017, seasonally adjusted production in the construction sector decreased by 2.2% in the **euro area** (EA19) and by 2.1% in the **EU28**, according to first estimates from **Eurostat, the statistical office of the European Union**. In December 2017, production in construction grew by 0.7% in the **euro area** and by 1.0% in the **EU28**.

In January 2018 compared with January 2017, production in construction increased by 3.7% in the **euro area** and by 2.5% in the **EU28**.

Monthly comparison by construction sector and by Member State

The decrease of 2.2% in production in construction in the **euro area** in January 2018, compared with December 2017, is due to building construction falling by 3.1% and civil engineering by 0.9%.

In the **EU28**, the decrease of 2.1% is due to building construction falling by 2.8% and civil engineering by 0.3%.

Among Member States for which data are available, the largest decreases in production in construction were recorded in **France** (-7.6%), **Sweden** and the **United Kingdom** (both -3.4%). The highest increases were observed in **Slovenia** (+14.4%), **Poland** (+8.8%) and **Hungary** (+6.4%).

Annual comparison by construction sector and by Member State

The increase of 3.7% in production in construction in the **euro area** in January 2018, compared with January 2017, is due to civil engineering rising by 9.3% and building construction by 2.0%.

In the **EU28**, the increase of 2.5% is due to civil engineering rising by 8.4% and building construction by 0.9%.

Among Member States for which data are available, the highest increases in production in construction were recorded in **Slovenia** (+76.0%), **Hungary** (+43.1%), the **Czech Republic** (+33.6%) and **Poland** (+31.8%). Decreases were observed in **Spain** (-3.6%) and the **United Kingdom** (-3.2%).

Geographical information

The **euro area** (EA19) includes Belgium, Germany, Estonia, Ireland, Greece, Spain, France, Italy, Cyprus, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Austria, Portugal, Slovenia, Slovakia and Finland.

The **European Union** (EU28) includes Belgium, Bulgaria, the Czech Republic, Denmark, Germany, Estonia, Ireland, Greece, Spain, France, Croatia, Italy, Cyprus, Latvia, Lithuania, Luxembourg, Hungary, Malta, the Netherlands, Austria, Poland, Portugal, Romania, Slovenia, Slovakia, Finland, Sweden and the United Kingdom.

Estonia, Ireland, Greece, Croatia, Cyprus, Latvia, Lithuania and Malta are not required to supply monthly data under Council Regulation 1165/98.

Methods and definitions

The **index of production in construction** approximates the evolution of the volume of production within the sector, broken down into building construction and civil engineering.

Seasonally adjusted euro area and EU series are calculated by aggregating the seasonally adjusted national data. Eurostat carries out the seasonal adjustment of the data for those countries that do not adjust their data for seasonal effects.

The monthly index as presented in this News Release is calculated only on the basis of the data of those countries reporting monthly data. Missing observations from Member States for recent months are estimated for the calculation of the euro area and the EU aggregates.

Revisions and timetable

Data of previous months have been revised compared with those issued in News Release [29/2018](#) of 19 February 2018. The monthly percentage change for December 2017 has been revised from +0.1% to +0.7% in the euro area and from +0.6% to +1.0% in the EU28. The annual percentage change has been revised from +0.5% to +1.4% in the euro area and from +1.5% to +1.9% in the EU28.
