Summary 8

1 Introduction and background 11
  1.1 Introduction 13
  1.2 Policy context 13
  1.2.1 Community Strategy 14
  1.3 Structure of the publication 14

2 Working in Europe 15
  2.1 Introduction 17
  2.2 Changing workforce 17
  2.2.1 Employment growth and employment of women 17
  2.2.2 Young workers 17
  2.2.3 Older workers 18
  2.2.4 Workers with disabilities 19
  2.2.5 Migrant workers 19
  2.3 Organisation of work 20
  2.3.1 Part-time and temporary employment 20
  2.3.2 Flexibility in working hours 21
  2.3.3 Employment trends 21
  2.4 Sector and occupation 21
  2.5 Emerging issues 23

3 Accidents at work 25
  3.1 Occurrence of accidents at work 27
  3.2 Demographic and work-related characteristics 27
  3.2.1 Demographic characteristics 27
  3.2.2 Work-related characteristics 28
  3.2.3 Causes and circumstances 30
  3.3 Consequences 31
  3.3.1 Absence from work 31
  3.3.2 Type of injury 33
  3.4 Trends 34
  3.5 Emerging issues 37
4 Work-related health problems and occupational diseases

4.1 Occurrence and type of health problem
4.2 Demographic and work-related characteristics
4.2.1 Demographic characteristics
4.2.2 Work-related characteristics
4.3 Consequences
4.3.1 Limitations
4.3.2 Absence from work
4.4 Trends
4.5 Overview of recognized occupational diseases
4.5.1 The occurrence and type of occupational diseases and trends
4.5.2 Demographic characteristics
4.5.3 Work-related characteristics and trends
4.5.4 Consequences
4.6 Musculoskeletal health problems
4.6.1 Demographic characteristics
4.6.2 Work-related characteristics
4.6.3 Consequences
4.6.4 Trends
4.7 Stress, anxiety and depression
4.7.1 Demographic characteristics
4.7.2 Work-related characteristics
4.7.3 Consequences
4.7.4 Trends
4.8 Other health problems
4.8.1 Hearing problems
4.8.2 Skin diseases
4.8.3 Respiratory health problems
4.9 Emerging issues

5 Exposure to risk factors

5.1 Occurrence of exposure to risk factors
5.1.1 Physical risk factors
5.1.2 Psychosocial risk factors
5.1.3 Combination of risk factors
5.2 Demographic and work-related characteristics
5.2.1 Demographic characteristics
5.2.2 Work-related characteristics
5.3 Trends
5.4 Emerging issues
Methodological context

6.1 Labour Force Survey and ad hoc modules on health and safety at work
6.1.1 LFS 2007 ad hoc module on health and safety at work
6.1.2 LFS 1999 ad hoc module on health and safety at work
6.2 Register based statistical systems
6.2.1 European Statistics on Accidents at Work (ESAW)
6.2.2 European Occupation Diseases Statistics (EODS)
6.3 European Working Conditions Survey (EWCS)
6.4 Risk Observatory
6.5 European Survey of Enterprises on New and Emerging Risks (ESENER)
