Contents	5
Boxes, figures and tables	8
Abbreviations	9
1. Introduction	11
A. Need for recommendations on IDP statistics	11
B. Process of developing the recommendations	12
C. Rationale and scope	13
D. Linkages to other products of the expert group on refugee and IDP statistics	14
E. Organisation of these recommendations	14
2. The legal and policy frameworks	17
A. Introduction	17
B. The legal and policy frameworks for protecting IDPs	17
1. International framework	17
2. Regional instruments	18
3. National laws and policies	18
4. Definition of IDPs in the Guiding Principles	18
C. Elements of the definition of IDPs in the Guiding Principles	19
1. Forced or obliged to flee or leave	19
2. Homes or places of habitual residence	20
3. As a result of or in order to avoid	20
4. Causes	20
5. Internationally recognised borders not crossed	22
6. Other issues not explicitly mentioned in the Guiding Principles	23
D. Durable solutions and the end of internal displacement	24
E. Conclusion	25
3. Developing a statistical framework	27
A. Introduction	27
B. Internal displacement statistical framework	27
1. Categories included in the internal displacement statistical framework	27
2. Categories of displaced persons not included in the internal displacement statistical framework ...	30
C. Defining the stocks and flows of IDPs	33
1. Stocks	33
2. Flows	34
D. Defining the inflow: four conditions	36

1.	Have been forced or obliged to move from their place of habitual residence by a causing event	36
2.	Have been usually resident at the place where, and at the time when, a causing event occurred	37
3.	Have been physically living away from the dwelling in which they were living at the time of the causing event	38
4.	Are currently within the internationally recognised borders of the country	39
E.	Recommendations summary	39
4.	Durable solutions and key displacement-related vulnerabilities	41
A.	Introduction	41
B.	Defining criteria for the two measures	41
1.	Relevant resources	41
2.	Displacement-related vulnerability criteria	44
C.	Measuring progress towards durable solutions	47
1.	Outline of the progress measure	48
2.	Uses of the progress measure	50
D.	Composite measure for overcoming key displacement-related vulnerabilities	51
1.	Scope of the composite measure	51
2.	Outline of the composite measure	52
E.	Recommendations summary	55
5.	Variables and tabulations	57
A.	Introduction	57
B.	Basic classificatory variables	57
C.	Flows of IDPs and IDP-related populations	58
1.	Basic inflow statistics	58
2.	Basic outflow statistics	59
3.	Basic flow statistics between IDP sub-stocks	59
D.	Stocks of IDPs and IDP-related populations	59
1.	Basic stock statistics	59
2.	Basic progress statistics	60
E.	Key indicators of the stock of IDPs and IDP-related populations	61
F.	Recommendations summary	61
6.	Data sources for collecting statistics on IDPs	63
A.	Introduction	63
B.	Overview of IDP data sources	63
1.	The population and housing census	64
2.	Sample household surveys	68
3.	Administrative data and registers	71
4.	Alternative data sources	73
C.	Operational data collected for humanitarian purposes	74

1. Differences between operational data and official statistics	74
2. Description of quantitative operational data sources	75
3. Description of qualitative operational data sources	76
4. Quality considerations for operational data	76
D. Data integration	76
1. Considerations for IDP statistics	76
2. Data-matching approaches	77
E. Selecting between different data sources	77
1. Assessing the advantages and disadvantages of data sources	77
2. Overcoming displacement-related vulnerabilities	78
F. Recommendations summary	80
7. Coordination of IDP statistics	81
A. Introduction	81
B. National coordination of IDP statistics	82
1. National statistical systems	83
2. Meeting statistical quality standards	83
3. Operational data for responding to displacement crises	87
C. International coordination of IDP statistics	90
1. Relevant international organisations and processes	91
2. Principles relevant for compilation of international statistics	92
3. Compiling statistics for international comparisons	93
D. Recommendations summary	94
1. Improving national statistical coordination	94
2. Improving international and regional statistical coordination	95
8. Endnotes	97
