

Part I

1.3 Classification of funded pension schemes and impact on government finance

CONTENTS

Summary

1. Background

1. Pension schemes as “social insurance” in national accounts
2. Classification of pension schemes in national accounts by unit responsible for the management
3. ”Unfunded” versus “funded” pension schemes
4. A need for clarification of the classification of funded schemes

2. Treatment in national accounts

1. Government is managing a “defined contributions funded pension scheme”
2. Government is managing a “mixed scheme”
3. Government has granted a guarantee to a funded scheme

3. Rationale of the treatment

1. Classification of defined-contributions funded schemes managed by government
2. Classification of “mixed schemes” managed by government

4. Numerical examples

5. Key-words and references
