List of boxes	10
List of figures	11
List of tables	12
1. Introduction	13
1.1. Purpose of the <i>Handbook</i>	13
1.2. Structure of the <i>Handbook</i>	13
1.3. The objectives of the task force on the recording of IEAs in national accounts and balance of payments statistics	14
2. Methodological framework for compiling IEA statistics	17
2.1. Introduction	17
2.2. Definition of IEAs	17
2.3. Scope of IEAs	17
2.4. Reasons for compiling IEA statistics and consequences of not doing so	19
2.5. International conventions and statistical manuals – guidance on the compilation of illegal economic activities statistics	20
2.5.1. Current regulation on the inclusion of illegal economic activities in national accounts	20
2.5.2. IEAs in the statistical guidance	21
2.6. Core accounting principles	23
2.6.1. Transactions	24
2.6.2. Mutual agreement	24
2.6.3. Other flows	24
2.6.4. Valuation	24
2.6.5. Institutional unit	24
2.6.6. Residence	25
3. Collecting, compiling/estimating and reporting IEA transactions in the national accounts and balance of payments statistics accounting frameworks	26
3.1. Introduction	26
3.2. Ways to measure the NOE, including illegal production	26
3.3. Eurostat's tabular approach	27
3.3.1. Methods and sources for NOE types	28
3.3.2. Compilation methods proposed within the national accounts framework for IEA statistics: demand and supply approaches	29
3.3.3. Risk of double counting	30
3.3.4. Business register issues	30
3.3.5. False recording of economic transactions	30
3.3.6. EU IEA statistics in national accounts	31
3.3.7. How to measure and estimate IEA statistics in national accounts	32

3.4. Prostitution	33
3.4.1. Data sources	33
3.4.2. Basic model for estimates of prostitution services	34
3.4.3. How to classify prostitution services	35
3.5. Trafficking and production of illegal drugs	35
3.5.1. Data sources	36
3.5.2. Basic model for trafficking of drugs	37
3.5.3. Basic model for domestic output (production) of drugs	38
3.5.4. How to classify the trafficking and production of drugs	38
3.6. Smuggling of alcohol and tobacco	38
3.6.1. Data sources	39
3.6.2. Basic model for smuggling of alcohol and tobacco	39
3.6.3. How to classify smuggling of alcohol and tobacco	40
3.7. Methodological improvements to the GNIC recommendations for including IEA statistics in balance of payments statistics	40
3.7.1. Prostitution	41
3.7.2. Trafficking and production of illegal drugs	42
3.7.3. Smuggling of alcohol and tobacco	43
4. Theoretical possibility for estimating other types of illegal economic activities	44
4.1. Introduction	44
4.2. Illicit firearms trafficking	44
4.2.1. Definition of illicit firearms trafficking	44
4.2.2. Definition of firearms	45
4.2.3. Definition of illegal firearms trafficker	45
4.2.4. Characteristics of illicit firearms trafficking	45
4.2.5. Definition of firearms in the statistical manuals	46
4.2.6. Classification in national accounts	46
4.2.7. Classification in balance of payments statistics	46
4.2.8. Data sources	47
4.2.9. Double counting	47
4.2.10. Recommendation on illicit firearms trafficking	48
4.3. Fencing of stolen goods	48
4.3.1. Definition of fencing	48
4.3.2. Definition of fence	48
4.3.3. Characteristics of fencing	48
4.3.4. Definition of fencing in the statistical manuals	49
4.3.5. Classification in national accounts	49
4.3.6. Classification in balance of payments statistics	50
4.3.7. Data sources	50
4.3.8. Dutch study	50
4.3.9. Recommendation on fencing or (re)sale of stolen goods	51
4.4. Migrant smuggling	51
4.4.1. Definition of migrant smuggling	51
4.4.2. Human trafficking vs migrant smuggling	51
4.4.3. Definition of migrant smugglers	53
4.4.4. Characteristics of migrant smuggling	54
4.4.5. Migrant smuggling prices	55
4.4.6. Definition of migrant smuggling in the statistical manuals	55
4.4.7. Classification in national accounts and balance of payments statistics	55
4.4.8. Double counting	56
4.4.9. Classification in national accounts	57
4.4.10. Classification in balance of payments statistics	57
4.4.11. Data sources	57
4.4.12. Recommendation on migrant smuggling	58

4.5. Infringement of intellectual property rights: counterfeit goods and piracy.....	59
4.5.1. Definition of counterfeiting and piracy.....	59
4.5.2. Characteristics of counterfeiting and piracy.....	59
4.5.3. Definition of counterfeiting and piracy in the statistical manuals.....	59
4.5.4. Classification in national accounts and balance of payments statistics.....	60
4.5.5. Data sources.....	60
4.5.6. Methodologies for estimating the economic impact.....	61
4.5.7. Recommendation on counterfeit goods and piracy.....	61
4.6. Bribery.....	61
4.6.1. Definition of bribery.....	61
4.6.2. Characteristics of bribery.....	62
4.6.3. Definition of bribery in statistical manuals.....	62
4.6.4. Classification of bribery in national accounts and balance of payments statistics.....	62
4.6.5. Data sources.....	63
4.6.6. Indirect methods.....	64
4.6.7. Evidence-based methods.....	64
4.6.8. Recommendation on bribery.....	66
4.7. Illegal gambling.....	66
4.7.1. Definition of illegal gambling.....	66
4.7.2. Characteristics of illegal gambling.....	67
4.7.3. Definition of illegal gambling in statistical manuals.....	67
4.7.4. Classification in the national accounts.....	67
4.7.5. Production.....	67
4.7.6. Expenditure.....	68
4.7.7. Classification in balance of payments statistics.....	68
4.7.8. Data sources.....	68
4.7.9. Country case.....	68
4.7.10. Illegal casinos.....	69
4.7.11. E-games.....	69
4.7.12. Live poker.....	70
4.7.13. Lotto/toto and sports betting machines.....	70
4.7.14. Commercial bingo.....	70
4.7.15. Illegal gambling data.....	70
4.7.16. Illegal gambling in the future.....	71
4.7.17. Recommendation on illegal gambling.....	71
4.8. Provision of money laundering services.....	71
4.8.1. Definition of money laundering.....	71
4.8.2. Characteristics of money laundering.....	72
4.8.3. Classification in the national accounts and in balance of payments statistics.....	73
4.8.4. Data sources.....	77
4.8.5. Recommendation on the provision of money laundering services.....	77
5. Country cases: an overview of national experience with statistical recording of IEAs.....	78
5.1. Introduction.....	78
5.2. Country case: Australia.....	78
5.3. Country case: Belgium.....	80
5.4. Country case: Colombia.....	81
5.5. Country case: Denmark.....	82
5.6. Country case: Finland.....	83
5.7. Country case: Italy.....	85
5.8. Country case: Luxembourg.....	86
5.9. Country case: Netherlands.....	88
5.10. Country case: Serbia.....	90
5.11. Country case: Sweden.....	91

5.12. Country case: Ukraine	92
5.13. Country case: United Kingdom	93
Annex: Preparing estimates for the provision of money laundering services	95
A.1. Data sources underlying estimates of PMLS	95
A.2. Customs services' official data on cross-border physical transportation of cash	96
A.3. Dark figure of money laundering	97
A.4. Estimated magnitude of illegal money underlying PMLS according to type of IEA	98
A.5. Treatment of PMLS in national accounts and the balance of payments	101
A.5.1. PMLS during placement, layering and integration	102
A.5.2. Placement and layering via other monetary financial institutions	107
A.5.3. Placement and layering via physical transportation of cash (<i>F.2 Currency and deposits</i>)	108
A.6. Integration of the proceeds of IEAs into the real economy	110
A.6.1. Layering and integration via non-financial corporations	110
A.6.2. Professional gatekeepers	111
A.6.3. Traders in goods	112
A.6.4. Service sector	112
A.6.5. Organisers and retailers of online gambling	113
A.6.6. Real estate sector	113
A.7. Layering and integration via financial corporations except MFI and ICPFs	114
A.7.1. Placement and layering via shell and front companies	114
A.7.2. Layering and integration via financial auxiliaries	115
A.7.3. Layering and integration via money service businesses	115
A.7.4. Layering and integration via informal value transfer systems	116
A.7.5. Integration via S.127 captive financial institutions and money lenders	116
A.7.6. Integration via offshore financial centres	117
A.7.7. Productive transactions: estimates of commissions/fees for PMLS	118
A.7.8. Placement and layering: productive transactions between primary offenders and syndicated money launderers	118
A.7.9. Layering and integration: distributive transactions between primary offender and syndicated money launderers	119
A.7.10. Integration	119
A.7.11. Numerical examples in a sequence of accounts related to PMLS	120
A.7.12. Trade based money laundering	127
A.7.13. Legal definitions of money laundering	128
