

# Table of contents

|  |           |
|--|-----------|
| <b>Data uncertainties: their sources and consequences.....</b>   | <b>3</b>  |
| <b>Abstract .....</b>  | <b>4</b>  |
| <b>1. Introduction.....</b>  | <b>7</b>  |
| <b>2. The traditional typology of data uncertainties .....</b>   | <b>10</b> |
| <b>2.1 Sampling Errors .....</b>   | <b>10</b> |
| 2.1.1 Measures of sampling error.....  | 10        |
| 2.1.2 Challenges measuring and quantifying sampling errors.....  | 11        |
| <b>2.2 Nonsampling Errors .....</b>  | <b>12</b> |
| 2.2.1 Specification error.....   | 13        |
| 2.2.2 Coverage (or frame) error.....   | 13        |
| 2.2.3 Nonresponse error.....   | 13        |
| 2.2.4 (Unit-level) measurement error: response error and interviewer error .....                                 | 14        |
| 2.2.6 Measures of nonsampling error.....   | 15        |
| <b>3. Manski's (2015) typology of data uncertainties .....</b>   | <b>18</b> |
| <b>3.1 Transitory statistical uncertainty .....</b>  | <b>18</b> |
| <b>3.2 Permanent statistical uncertainty .....</b>   | <b>18</b> |
| <b>3.3 Conceptual uncertainty .....</b>  | <b>18</b> |
| 3.3.1 A Bayesian approach .....  | 19        |
| <b>3.4 Measures of transitory, permanent and conceptual errors .....</b>   | <b>19</b> |
| 3.4.1 Measurement of transitory uncertainty: real time datasets .....  | 21        |
| 3.4.2 Measurement of conceptual uncertainty: seasonal adjustment.....  | 21        |
| <b>4. Consequences of uncertainty .....</b>  | <b>23</b> |
| <b>4.1 Revisions: real-time data analysis .....</b>  | <b>23</b> |
| <b>4.2 Case-study on GDP: cross-country comparisons measuring data revisions .....</b>                           | <b>24</b> |
| Figure 3: OECD (Zwijnenburg, 2015) estimates of the bias to GDP revisions .....                                  | 26        |
| <b>4.3 Trade-off between timeliness and accuracy .....</b>   | <b>27</b> |
| <b>5. Conclusions .....</b>  | <b>28</b> |
| <b>5.1 Future agenda: and the COMUNIKOS project.....</b>   | <b>28</b> |
| <b>5.2 The need for more empirical research: public misunderstanding and misuse of official statistics .....</b> | <b>28</b> |
