

Table of contents

Abstract()	3
Introduction	5
Conceptual framework	7
Data and methodology	10
3.1. Dependent variable – The number of deprivations	10
3.2. Variable of interest – Income	13
3.3. Explanatory variables – Control variables	15
3.4. Regression estimators and model specification	16
3.4.1 Count regression models	17
3.4.2 Ordered regression models	18
3.4.3 Other modelling and estimation aspects	18
3.4.4 Performance comparison	19
3.5. Method of impact calculation	29
Results	31
4.1 Distributional impacts of a universal 150 Euro (PPS) transfer	31
4.2 Distributional impacts given countries' current social transfer systems	36
4.3 Exploring differences in distributional impacts – The Baltics	40
4.4 Effects on the EU material deprivation rate and social spending	43
Conclusion	46
