A - Introduction

The first publication of the Qualitative Reports of the Labour Market Policy (LMP) database is issued in 16 volumes, one for each country participating in the LMP data collection. The reports present qualitative information extracted from the database to describe, in total, 550 labour market policy measures included in the Eurostat database for the year 2001. The reports constitute a fundamental component of the Eurostat Labour Market Policy (LMP) database allowing the user to understand what lies behind the figures on expenditure and participants collected in the database. The qualitative reports give a succinct description of each of the labour market policy measures and should be considered as complementary information to the publication Labour Market Policy - Expenditure and Participants - Data 2001.

The reports all have the same structure: Part A presents the Introduction, Part B includes the Inventory of measures - i.e. the list of all measures grouped by category, and Part C presents the main details of each measure in three sections: Identification, Description, and Supplementary information. The Description contains seven sub-sections: Aim, Beneficiaries, Action/Instrument, Financing/Support, Eligibility, Legal basis, and Recent changes. The Supplementary Information contains nine sub-sections covering the target groups, the conditions for participation and other characteristics of the measure. Together, these items summarise the qualitative information collected through the LMP questionnaire.

The measure descriptions in the LMP database are up-dated every year with the contribution of the LMP delegates in each country and should be published by Eurostat every 2 years. They are also available as a chapter of the Basic Information Reports (BIRs) produced by the European Employment Observatory.

---

1 The reports are issued primarily in English but French and German versions are also available on request. Eurostat makes every effort to ensure that measure descriptions entered in one language are updated in the other two languages but the alignment of translations cannot be guaranteed. Bearing this in mind, the preferred language for each country report is considered to be English for all countries except Belgium, France and Luxembourg (French); Germany and Austria (German).

4 The BIRs are produced on behalf of the European Employment Strategy Unit (General Directorate of Employment and Social Affairs) and can be accessed via http://www.eu-employment-observatory.net/en/publications/bir.

**Description:**

**Aim:**
To improve the employment prospects of participants through full-time or part-time training.

**Beneficiaries:**
Low qualified employed and unemployed persons particularly in sectors, regions or enterprises undergoing a crisis.

**Action/Instrument:**
Participants to training courses on their own initiative can benefit from a financial aid. Workers who are employed continue to receive their wage for the duration of the training. Unemployed persons receive a grant during training amounting to 50 or 100% of the national minimum wage, depending on whether they are supporting dependants or drawing an unemployment benefit. The duration of the training is varying according to the needs of the participants.

Type of action: 2.2  Workplace training

Description:

Aim:
To facilitate the integration into labour market of participants through the provision of practical vocational training

Beneficiaries:
Young people with higher- or intermediate-level of education.

Action/Instrument:
Participant to the measure can follow practical vocational training in a work environment either public or private. Training lasts nine months, but, under certain circumstances and where acceptable reasons are provided, an extension of up to three months may be granted to complete the practical training in Portugal or abroad. Trainees receive an allowance for the duration of the practical training, the rate of which depends on their level of qualification (II, III, IV or V). In addition, they are insured against accidents at work and are entitled to reimbursement of other costs (food and board). The IEFP pays half the allowance on the mainland (the DRRH in the autonomous region of Madeira), while the employer pays the other half.

Training/employment schemes for young people, specialists, managers and adults

Type of action: 2.3  
Integrated training

Description:

Aim:
To promote the vocational integration and reintegration of the participants through at least one year of specialised and practical training.

Beneficiaries:
Unemployed persons aged over 18 without a recognised qualification, who have at least completed compulsory schooling; unemployed persons aged over 30 with a Level I, II, III, IV or V qualification; and employed at risk.

Action/Instrument:
Each training measure has a duration of one year and involves both theoretical and practical training. The trainees receive a training allowance calculated on the basis of the national minimum wage; the amount depends on the educational qualification of the trainee. Enterprises or public institutions conclude a contract with the IEFP and the costs are carried out by both parties. The IEFP assumes all the costs for trainees who are female, disabled or older than 45 years. Priority consideration is given to training or employment schemes for occupations in the following fields: environment, security, health and safety at the workplace, arts and culture. Enterprises which conclude permanent employment contracts with trainees (specialists, managers and adults) subsequent to their training receive a non-refundable financial subsidy for each job created.

Financing/support:
IEFP and ESF

Eligibility:
The following groups may participate in the scheme:
- unemployed persons aged over 18 without a recognised qualification who have at least completed compulsory schooling;
- unemployed persons aged over 30 with a Level I, II, III, IV or V qualification;
- workers threatened with unemployment, i.e. workers whose enterprises are facing economic difficulties who are participating in a retraining scheme or workers who are threatened with mass dismissal or individual lay-offs without mass dismissal

Description:

Aim:
To enable participants to enter into dependent employment or self-employment through vocational training in the traditional handicraft professions and in activities related to the environment.

Beneficiaries:
Youngsters in search of a first job and registered long-term unemployed

Action/Instrument:
The duration of the training programme is one year, involving four months' theoretical training and eight months' practical training. Trainees who wish to enter self-employment or start a business on completion of training may additionally attend an IIEP course on business management. Public and private institutions which fulfill the required conditions, crafts associations or co-operatives, production workshops owned and managed by a craftsperson, individual crafts persons and family businesses may act as providers. The trainees receive a monthly training grant, an allowance for board and travel, accident insurance and the right to holiday leave. Participants who wish to become self-employed on completion of the training course and who present a business plan to this end receive aid in the form of a subsidy amounting to 12 times the monthly minimum wage. In addition, for the duration of one year they may be reimbursed for the costs of rent for premises, renovation and overhauling equipment. The IIEP finances the training. The training establishments additionally receive a financial contribution towards redemption payments for plant equipment and towards the purchase of raw materials. They can also receive funding if they enter into employment contracts with participants.

### Description:

**Aim:**
To encourage the creation or the maintenance of jobs in the Açores

**Beneficiaries:**
Unemployed and employed at risk in Açores, with special attention paid to specific categories of unemployed (disabled, women, first time jobseekers, long-term unemployed)

**Action/Instrument:**
The Regional Secretariat for Education and Social Affairs is the decision-making body regarding aid provided to enterprises under this measure. Enterprises can benefit from loans or subsidies amounting to up to 14 times the national minimum monthly wage for every job created. This amount can be increased by 20 or 50% for sectors in need of investments (co-operatives, handicrafts) or for regions where the labour market situation is particularly unfavourable. Additional subsidies may be provided for the recruitment of disabled persons (100% subsidy), first-time jobseekers (75% subsidy) or members of socially disadvantaged groups – especially women and the long-term unemployed (50% subsidy).

**Financing/support:**
Office for Funding of Employment Measures (State/regional government budget).

**Eligibility:**
Registered unemployed in Açores and employed at risk

**Legal basis:**
Regional administrative ordinance 1/87/A of 6.1.87

**Recent changes:**
Measure recorded for the first time in 1999

- **Type of action:** 4.1.1 Permanent

**Description:**

**Aim:**
To encourage the creation of local jobs in small enterprise (up to 5 employees) through the support of entrepreneurial projects which are economically and socially viable and stimulate local development

**Beneficiaries:**
Youngsters seeking a first employment, unemployed and workers at risk, with a special focus on long-term unemployed, women and young people in needs.

**Action/Instrument:**
Eligible enterprises, which are hiring unemployed, can benefit from technical and financial aid. Employers have to follow management training courses, with a maximum duration of 6 weeks, for having access to the start-up incentive. Financial aid is then given up to an amount equal to 36 times the statutory minimum wage, two-thirds of which are a subsidy and one-third a interest-free loan. The loans must be repaid within a period of no more than seven years. This term includes a maximum period of two years during which repayments may be suspended in the event of financial difficulties. The subsidies are increased by 20% when young people, recipients of the guaranteed minimum income or long-term unemployed persons are hired. When businesses are started by women or jobs are created for women, the subsidies are increased by an additional bonus of 20% of 12 times the national minimum wage. Only one bonus may be claimed at a time.

**Description:**

**Aim:**
To facilitate the integration into the labour market of participants through temporary employment of community interest

**Beneficiaries:**
Unemployed who are in economic need and cannot receive unemployment benefit

**Action/Instrument:**
Eligible unemployed can be employed by public or private charitable institutions, which are intended to serve community needs (existing jobs may not be filled under this scheme). The measure is means tested. The jobseekers conclude an employment contract with the employer and receive a monthly remuneration equal to the national minimum wage. In addition, their costs for travel and board are reimbursed and they are covered for accident insurance. The remuneration is co-financed by the employer and the IEFP, which contributes between 80 and 100% for the first six months and between 60 and 80% for the following six months. The IEFP contribution may amount to either 80 or 100% in the second period if the employed workers reside in a region with an unemployment rate above the national average or if they are from industrial sectors in crisis or undergoing restructuring. The employment has a duration of up to one year, which may be extended by an additional year under certain circumstances.

**Financing/support:**
IEFP (Social security funds).

**Eligibility:**
Unemployed who are either seasonal workers or in economic need for other reasons and do not fulfill the qualifying conditions for Unemployment benefit or have already exhausted their entitlement. The measure is means tested (capita income not exceeding 80% of the national minimum wage)

**Description:**

**Aim:**
To facilitate the integration into the labour market of seasonal workers through the provision of a temporary job of social interest during their period of inactivity.

**Beneficiaries:**
Workers in Açores older than 18 who are in temporary inactivity due to the seasonal aspect of their activities, and long-term unemployed (>24 months) aged over 45.

**Action/Instrument:**
Participants are employed in activities which aim at ensuring the safety to people and goods through the cleaning of river beds, bays and streets in Açores. Participants receive an allowance equal to the minimum wage and keep their social security rights. The institutions which run the schemes are local administrations, the Regional Directorate for the Environment and its representatives.

**Financing/support:**
State/regional government budget (Açores)

**Eligibility:**
Workers in Açores aged over 18 who are temporarily unemployed for seasonal reasons, who have worked for at least six of the previous 12 months in the area of agriculture, live-stock, forestry or fishing and can prove this on the basis of social security contributions paid. Additionally, long-term unemployed (>24 months) aged over 45 can benefit from the scheme.

**Description:**

**Aim:**
To encourage self-employment of unemployed

**Beneficiaries:**
Young unemployed persons and long-term unemployed persons.

**Action/Instrument:**
Both technical and financial aid is provided, including a non-refundable installation grant corresponding to 12 times the national minimum wage and assistance in drawing up the enterprise proposal at the end of a six-week training course in organisation and management. The grant may be increased by 20% if the recipients are at least 45 years of age and have been unemployed for longer than 12 months. In certain circumstances, a loan amounting to 12 times the national minimum wage per job created may be granted. Candidates who propose self-employment in the handicrafts sector receive assistance in marketing their product in the form of agreements with non-profit-making associations which receive financial compensation in exchange. In the autonomous region of Madeira, the financial aid amounts to 18 times the relevant minimum wage, regardless of the age of the participant and the duration of unemployment.

**Financing/support:**
Mainland: IEFP and ESF. Madeira: DRRH and ESF.

**Eligibility:**
Young persons aged between 18 and 25 years and long-term unemployed persons who are qualified for independent professions, including handicrafts (in the autonomous region of Madeira: unemployed young people aged between 18 and 30 and long-term unemployed aged over 30). Candidates must also have proof of their vocational qualification for the activity which they propose to develop and they must present projects which are clearly viable from economic, regional and sectoral points of view.

**Description:**

**Aim:**
To compensate insured workers for loss of wages during unemployment and to provide income support during active job-search.

**Beneficiaries:**
Workers who are involuntarily unemployed and who have been in contributory employment for a minimum duration.

**Action/Instrument:**
Entitled unemployed receive unemployment benefit which is equal to 65% of the worker's average remuneration in the 12 months prior to unemployment. It may not exceed three times the national minimum wage. The duration of benefit depends on the age of the worker, varying between ten months for workers aged 25 years or less and 30 months for workers aged over 55 years.

**Financing/support:**
Social security funds

**Eligibility:**
Workers who were in dependent employment for at least 540 days in the 24 months preceding unemployment and who paid social security contributions accordingly are entitled to unemployment benefit. Entitlement to unemployment benefit is suspended during:
- employment or self-employment;
- participation in a vocational training scheme if this includes financial compensation or a training allowance;
- military service or community work (conscientious objectors);
- service of a prison sentence;
- when the conditions for entitlement to maternity, paternity or adoption allowance are met.

**Legal basis:**
Decree Law 57/96 of 22.5.96

Description:

Aim:
To provide unemployed persons in need with unemployment assistance.

Beneficiaries:
Unemployed persons in need, who have exhausted their right to unemployment benefit or who do not fulfil the conditions for action/instrument.

Action/instrument:
Eligible unemployed can benefit from unemployment assistance which is equal to 100% of the national minimum wage for workers with four or more dependants, 90% for those with between one and three dependants and 70% for workers without dependants. The measure is means tested. The duration of entitlement depends on the age of the worker. The same conditions apply as for unemployment benefit, with the following exceptions:

a) The duration of entitlement is reduced by half if receipt of unemployment assistance is preceded by receipt of unemployment benefit;

b) as of 1.7.1996, the duration of entitlement is 30 months for persons aged 45 years or older (or 15 months for those previously in receipt of unemployment benefit). Workers aged over 55 years may draw unemployment assistance until the age of 61 and then enter early retirement.

Financing/support:
Social security funds

Eligibility:
Unemployment assistance is granted to workers who have either exhausted their entitlement to unemployment benefit or are not yet eligible for unemployment benefit, but have been in dependent employment with regular earnings for at least 180 days within the 12 months preceding unemployment. In addition, the monthly per capita income of the worker's family may not exceed 80% of the national minimum wage.

## Description:

**Aim:**
To enable workers aged 55 years and older and employers to reach agreement on voluntary early or partial retirement.

**Beneficiaries:**
Workers at risk aged over 55

**Action/Instrument:**
The worker's hours may be reduced or the worker may be relieved from his duties while his employment contract is upheld. Both employer and worker then pay either lower social security contributions or none at all. Remuneration during the period of early retirement must be equal to at least 25% of the worker’s last wage and may not exceed this wage. As a rule, under these agreements, enterprises and workers must pay social security contributions at the rate of 14.6% (instead of 23.75%) and 7% (instead of 11%), respectively. If early retirement agreements are reached as a result of restructuring measures for economic reasons, the enterprises may apply to the IEFP for a contribution to the remuneration paid during this period. This grant is provided for six months, with the possibility of a six-month extension, and may not exceed the national minimum wage. In addition, the enterprises may apply for a one-year exemption from social security charges.

**Financing/support:**
IEFP (Social security)

**Eligibility:**
Workers at risk aged over 55.
