Foreword 5

Acknowledgements 6

Introduction 7

1. Record linkage 9

Record linkage, correct match probabilities and disclosure risk assessment
(C. Skinner - Uni. Southampton, U.K.) 11

Model based record linkage: a Bayesian perspective
(B. Liseo, A. Tancredi – University of Rome "La Sapienza", Italy) 24

Theory and practice of developing a record linkage software
(N. Cibella, M. Fortini, M. Scannapieco, L. Tosco, T. Tuoto - Istat, Italy) 37

2. Statistical matching and forecasting 57

The validity of data fusion
(S. Rässler - Uni. Bamberg; H. Kiesl - IAB, Germany) 59

Statistical matching of two surveys with a non randomly selected common subset
(N. Torelli - University of Trieste; M. Ballin, M. Di Zio, M. D'Orazio, M. Scanu – Istat; G. Corsetti - Inea, Italy) 68

Combining sources: a reprise
(K. Moore, G. Brown, T. Buccellato - ONS, U.K.) 80

3. Conceptual aspect for integration 87

A framework for statistical entity identification to enhance data quality
(M. Denk – University of Vienna and Statistics Austria) 89

The Swiss census 2010: moving towards a comprehensive system of household and person statistics
(M Schwyn, J-P. Kauthen - SFSO, Switzerland) 110

Proposal for a quality framework for the evaluation of administrative and survey data
(P.J.H. Daas, J. Arends-Tóth, B. Schouten, L. Kuijvenhoven - CBS, Netherlands) 124

4. Integration of registers and samples 1 135

Integrated use of register and interview data for EU statistics on income and living conditions (EU-SILC) at Statistics Finland
(V-M. Törmälehto - Statistics Finland) 137

Combining the tax and the survey data for the purposes of the short-term statistics production
(R. Seljak - Statistical Office of the Republic of Slovenia) 153

Combining survey data and administrative sources for production of official Labour Statistics in Lithuania
(M. Slickute-Sestokiene - Statistics Lithuania) 161

Combination of administrative and survey data for structural business statistics in Spain: Annual Structure of Earnings Survey
(I. Moral-Arce, E. Martín - INE, Spain) 167

5. Integration of registers and samples 2 177

Investigating road traffic accident statistics – Matching hospital and police data
(K. McGrath - ONS; M. Tranter - Department for Transport, UK) 179

Use of administrative data in SBS survey
(R. Tumeniene - Statistics Lithuania) 200

Integration of different data sources in the international migration statistics in Hungary
(É. Gárdos, A. Sárosi, Á. Kincses - HCSO, Hungary) 208

6. Register based statistics 217

Integration of administrative data in Poland
(J. Dygaszewicz, A. Prochot - Statistics Poland) 219

Challenges of the register based census in Austria with special focus on effort and impact of including small register bases
(E-M. Reiner - Statistics Austria) 224

Linking register of construction works with census in Estonia
(K. Kaarna - Statistics Estonia) 232
