

Table of Contents

1	Introduction	1
2	General aspects: methodological references and data sources	5
2.1	International Methodological References	7
2.2	Methodological aspects regarding data sources	10
2.2.1	Data sources and the scope of influence	10
2.2.2	Checking data sources' quality	12
2.3	Tips to overcome the lack of data sources	14
2.3.1	Tourism ratios or growth rates	15
2.3.2	Cross-check of demand and supply estimates	16
2.4	The role of National Accounts as a reference data source and as methodological reference	16
2.5	Methodological approaches	17
2.5.1	Top-down	17
2.5.2	Bottom-up	18
2.5.3	Mixed approach	18
3	Good practices in compiling the 10 TSA standard tables	19
3.1	TSA table 1: Inbound tourism consumption by products and categories of visitors	21
3.1.1	Data source: Balance of Payments	21
3.1.2	Other data sources	23
3.1.3	Compilation methodology	23
3.2	TSA table 2: Domestic tourism consumption by products and categories of visitors	25
3.2.1	Demand related data sources	25
3.2.2	Supply related data sources	27
3.2.3	Compilation methodology	28
3.2.4	Domestic same-day visitors	30
3.3	TSA-table 3: Outbound tourism consumption by products and categories of visitors	31
3.3.1	Data sources	31
3.3.2	Compilation methodology	31
3.4	TSA table 4: Internal tourism consumption by products and types of tourism	32
3.4.1	Business tourism expenses supported by the employers	33

3.4.2	Household final consumption expenditure in kind.....	37
3.4.3	Tourism social transfers in kind.....	39
3.4.4	The treatment of distributions margins	41
3.5	TSA table 5: Production accounts of tourism industries and other industries	41
3.5.1	Data sources	42
3.5.2	Production and intermediate consumption.....	42
3.5.3	Usage of second homes used for tourism purposes.....	45
3.5.4	Net valuation of package tours for the travel agency and tour operator industry.....	46
3.5.5	Specific versus non-specific industries/products.....	46
3.5.6	The components of gross value added	47
3.5.7	Calculation of distribution margins.....	50
3.6	TSA table 6: Domestic supply and internal tourism consumption by products.....	51
3.6.1	Data sources	52
3.6.2	Tourism shares.....	53
3.6.3	Tourism Value Added (TVA).....	55
3.7	TSA table 7: Employment in the tourism industries	56
3.7.1	Basic concepts and methodological references	56
3.7.2	Scope of tourism employment	57
3.7.3	Data sources	57
3.7.4	Compilation methodology	57
3.7.5	Actual tourism related employment.....	58
3.8	TSA table 8: Tourism gross fixed capital formation.....	60
3.8.1	Fundamentals on gross fixed capital formation.....	60
3.8.2	The structure of the table	61
3.8.3	Data sources	62
3.9	TSA table 9: Tourism collective consumption.....	63
3.9.1	Fundamentals on collective consumption	64
3.9.2	Compilation methodology	65
3.9.3	Data sources	66
3.10	TSA table 10: Non monetary indicators.....	66

4	Good practices with regard to TSA specific problems.....	69
4.1	Estimating same-day visitors expenditures.....	71
4.1.1	The definition of same-day visitors	71
4.1.2	Data sources	72
4.1.3	Example: A specific approach - the case study of Slovenia.....	73
4.1.4	Final remarks.....	80
4.2	Estimation of tourism specific product structures and the differentiation between connected and non-specific products	81
4.2.1	Pre- and post-trip expenses	82
4.2.2	Consumer durables (CD)	83
4.3	Estimation of the services of travel agencies and tour operators “net”	84
4.3.1	The TSA definition of package tours.....	85
4.3.2	The transition from gross to net valuation of package tours	87
4.3.3	The general compilation methodology.....	94
4.4	The treatment of housing services provided by vacation homes on own account...	96
4.4.1	National Accounts methodology.....	96
4.4.2	TSA methodology.....	97
4.4.3	The approach to estimate own account housing services: The stratification method.....	98
4.4.4	The recording of transactions linked to vacation homes services	99
	References.....	104
