<b>1 Executive Summary .....</b>	<b>7</b>
Introduction .....	7
HEDIC and SHA.....	7
What data do we need to compile HEDIC?.....	8
How does health expenditure vary by age and sex, over time and between countries?.....	8
How does health expenditure by disease vary, over time and between countries? .....	9
Does health system design affect levels of expenditure by disease, age and sex? .....	9
Can HEDIC data improve the international comparability of SHA? .....	9
What is needed to incorporate HEDIC data in routine data collections? .....	10
How can we build on the work of HEDIC? .....	10
<b>2 Introduction .....</b>	<b>11</b>
Background.....	11
Aims of HEDIC.....	12
Work carried out to deliver HEDIC .....	13
Outline of the report .....	133
Chapter summary .....	14
References.....	144
<b>3 Methodology and Data Requirements.....</b>	<b>16</b>
Health expenditure accounts as starting framework .....	16
Disease specific data.....	17
Utilisation and unit cost .....	18
Risk profiles .....	19
Metadata .....	19
Data availability.....	19
Assessing data available for compiling HEDIC .....	20
Chapter summary .....	21
References.....	22
<b>4 Health expenditure profiles by age and sex .....</b>	<b>23</b>
Demographic structure .....	23
Variation of health expenditure by age across countries .....	23
Change of risk profiles between 2012 and 2013 .....	26
Sex-specific issues .....	26
Outlook .....	28
Chapter summary .....	29
References.....	29
<b>5 Disease related expenditure profiles .....</b>	<b>31</b>
Grouping of diseases .....	31
Variation of profiles among countries .....	31

Variation of expenditures by disease between 2012 and 2013.....	33
Circulatory diseases.....	34
Neoplasms.....	35
Mental Health.....	36
Outlook .....	38
Chapter summary .....	39
References.....	39
<b>6 Health system characteristics .....</b>	<b>41</b>
Dimensions of health systems considered in SHA .....	41
Inpatient care.....	41
Pharmaceuticals .....	45
Outlook .....	49
Chapter summary .....	49
References.....	50
<b>7 Developing the statistical system of HEDIC .....</b>	<b>51</b>
Dimensions of the HEDIC statistical system.....	51
Comparability.....	52
Standardization.....	52
Data needs.....	52
Summary of progress made in estimating expenditure by disease .....	53
Practical considerations in compiling HEDIC.....	53
Productivity loss .....	54
Outlook .....	54
Chapter summary .....	54
References.....	55
<b>8 Conclusions.....</b>	<b>56</b>
Potential of HEDIC .....	56
Focus of future work .....	57
Incorporation into regular SHA data collection .....	57
Chapter summary .....	58
References.....	58
<b>9 Annexes .....</b>	<b>59</b>
Glossary.....	59
Participating institutions.....	60
Abbreviations .....	61
