

INTRODUCTION	1
1 Inputs into the food chain	2
1.1 Inputs into agriculture	3
• Seeds	4
• Fertilisers	5
• Plant protection products	6
• Feedingstuffs	9
• Intermediate consumption	11
1.2 Imports	13
• Food and feed products	13
• Cereals and cereals preparations	14
• Meat and meat preparations	16
• Fish, crustaceans and molluscs	18
• Dairy products and eggs	20
• Fresh vegetables	22
• Prepared or preserved vegetables	24
• Fruit and nuts	26
• Fruit preparations	28
• Sugars	30
• Coffee, tea, cocoa	32
• Feedingstuffs	34
• Live animals	36
2 Primary production	38
• Livestock	40
• Milk	46
• Crop production	48
• Fish	52
3 Food processing	58

4	Food consumption and health	.74
4.1	Gross human apparent consumption of main food items	.76
4.2	Food access	.83
4.3	Consumers' health	.89
5	Actors in the food chain	.94
5.1	Food primary production actors	.96
5.2	Food processing actors	.106
5.3	Food distribution actors	.111
	ANNEXES	.114
	Abbreviations and symbols	.114
	Glossary	.116
	Sources and Classifications	.120
