

GRANTS PROGRAMMING

Statistical information policy: 29.0203

Theme code	Title and description of project planned	Priority	Objective number	Expected results	Cofinancing %	O/L/P	Budget (euros)	Launch (date foreseen)
DOMAIN 1 - DEMOGRAPHIC AND SOCIAL STATISTICS							3,415,100	
1.02	Pilot studies and quality improvement of the LFS and its modules	1	101, 103	better quality assurance; improvement of quality framework; improved quality of data	30%	L		2nd Qtr 2008
1.04	ESSNet on culture Statistics	1	201, 202, 203	Relaunch of the work on culture statistics, statistical methodology development and statistical production	10%	L		2nd Qtr 2008
1.05	Implementation of the European Health Interview Survey (EHIS)	1	101	Assistance for the implementation (first round) of the health status, health determinants, health care and background module	20%	L		1st Qtr 2008
1.05	2011 LFS ad-hoc survey module on employment of disabled people	1	103	Preparation of the module, based on experiences from 2002 LFS AHM and support activities for translation/testing	20%	L		1st Qtr 2008
1.06	EU-SILC: 2009 operation in Bulgaria and Romania.	1	102, 103	Implementation of EU-SILC in accordance with regulation No. 1177/2003 of the European Parliament and of the Council on the SILC project and with the corresponding Commission regulations	30%	P	*	1st Qtr 2008
1.06	EU-SILC: EU-expertise network on "comparative income and living condition"	1	201, 202	Documents identifying good practices, handbook on income measurement, support to users (web page with relevant information), comparative analysis on income and living conditions in the EU, scientific back-up to the next EU-SILC conference, basic documents for future revisions of EU-SILC regulations, technical documents for the development of annual modules	10%	L		3rd Qtr 2008
1.09	Improving the use of the Household Budget Survey (HBS) for food consumption indicators	1	202	Assistance to the Member States for expanding/using the Household Budget Survey (HBS) as a source for statistics on food consumption	20%	L		1st Qtr 2008
1.09	Indicators on control and monitoring activities	1	201	Assistance to the Member States for actions on the construction of these indicators on the basis of available (national) data sources	20%	L		1st Qtr 2008
1.10	EU victimisation survey module	1	201	Assistance to Member States for translation and testing of an EU survey module on victimisation	20%	L		1st Qtr 2008
1.05	EU survey module on disabled people and integration into society (EDSIM module)	2	103	Assistance for the further translation and testing of the (already developed) EDSIM module	20%	L		1st Qtr 2008

Theme code	Title and description of project planned	Priority	Objective number	Expected results	Cofinancing %	O/L/P	Budget (euros)	Launch (date foreseen)
DOMAIN 2 - MACROECONOMIC STATISTICS							8,143,322	
2.01	Revision of System of National Accounts (SNA) 93 and of European System of Accounts (ESA) 95	1	101	Revision of the international system of national accounts (SNA 93) and of ESA 95	N.A.	P	*	3rd Qtr 2008
2.01	Improvement of quality of national accounts	1	101, 102, 103	Studies and applications for improved national accounts methods and data	30%	L		1st Qtr 2008
2.01 2.02	National accounts methodological and technical improvements	1	107, 206 - 2.01 203, 204 - 2.02	GVA regional inventories, specific improvements in (quarterly) sector accounts, improved productivity measures	30%	L		1st Qtr 2008
2.06	Production of Purchase Price Parity (PPP) data by MSs	1	106,107	Input data for PPP calculations	30%	L		1st Qtr 2008
2.06	Owner-Occupied Housing	1	102	Development of price indices for Owner-Occupied Housing in the MSs	30%	L		4th Qtr 2007 or 1st Qtr 2008
2.06	HICP Quality Adjustment and Sampling	1	103	Production of an HICP compliant with new QA and sampling standards and implementing measures	30%	L		If Com. Regulation on implementing measures
2.06	HICP at constant tax rates	1	101	Development and regular compilation of a HICP at constant tax rates	10%	L		4th Qtr 2007 or 1st Qtr 2008
2.07	Simplification of Intrastat	1	104	Study work in the Member States focusing on the different aspects of simplification of Intrastat: 1: the more efficient re-use of administrative data, 2: harmonisation of methods for collection, processing, treatment of confidential data, harmonisation of thresholds 3: development of tools and methods for guaranteeing data quality under a single flow collection system.	30%	L		2nd Qtr 2008
2.07	Implementation of XT-Net in Member States in order to improve and modernise the external trade production chain	1	107	Harmonised and simplified data validation and dissemination tools; improved data quality	30%	L		2nd Qtr 2008
2.07	Simplification of Intrastat	2	104	Study work in the Member States focusing on the different aspects of simplification of Intrastat: 1: the more efficient re-use of administrative data, 2: harmonisation of methods for collection, processing, treatment of confidential data, harmonisation of thresholds 3: development of tools and methods for guaranteeing data quality under a single flow collection system.	30%	L		2nd Qtr 2008

Statistical information policy: 29.0203

Theme code	Title and description of project planned	Priority	Objective number	Expected results	Cofinancing %	O/L/P	Budget (euros)	Launch (date foreseen)
DOMAIN 3 - BUSINESS STATISTICS							5,150,000	
3.01	Support the set-up of an additional series in business demography	1	202	Consistency of Eurostat data on business demography with OECD definitions	30%	L		2nd Qtr 2008
3.01	Support the implementation of a more efficient way of collecting data	1	202	Achieve a more efficient way of collecting data	10%	L		1st Qtr 2008
3.02	Short-term statistics	1	103, 104	Development of new STS indicators and feasibility studies	10%	L		1t Qtr 2008
3.03	Gas/electricity external trade statistics. Develop necessary methodology and implement it so that statistics on imports and exports (in volume) for electricity and natural gas will be available by country of origin and destination	1	202	Methodology implementation of a project to make available necessary statistics (see description)	10%	L		2nd Qtr 2008
3.04	Support for road traffic statistics	1	201	Contributions to some Member States for new surveys on road traffic (50.000 for 20% of countries)	30%	L		2nd Qtr 2008
3.06	Set up methods and tools for the implementation of the national level EuroGroups Register and improve data collection methods on enterprise groups	1	101, 202	National enterprise group database developed and able to exchange data with Eurostat's EuroGroups Register	30%	L		2nd Qtr 2008
3.01	Pilot studies on sections P-S, NACE Rev.2	2	102	Analysis of the feasibility to collect additional information for sections P-S, NACE Rev.2	10%	L		2nd Qtr 2008
DOMAIN 4 - STATISTICS ON AGRICULTURE, FORESTRY AND FISHERIES							1,500,000	
4.07	Development and survey of Rural Development and Agro-Environmental indicators	1	102, 103	Updated indicators for Rural Development and Agro-Environment	30%	L		1t Qtr 2008
DOMAIN 5 - MULTI-DOMAIN STATISTICS							2,700,000	
5.01	Network grant for the application of econometric techniques to certain PEEIs	1	107, 108	Preparing and testing of the application of econometric techniques for the improvement of certain PEEIs	30%	L		1st Qtr 2008
5.02	Support the development of indicator sets for monitoring national SD strategies in certain MS	1	101, 102, 104, 105	Improvement of indicator situation in less advanced Member States	30%	L		1st Qtr 2008
5.03	Improvement of Water Statistics	1	106	Better response rate to the OECD/Eurostat Joint Questionnaire on Inland Waters; special emphasis on the establishment of water statistics at the level of river basins (link to the Water Framework Directive)	30%	L		1t Qtr 2008
5.03	Environmental accounts	1	103, 203	The purpose of the grants is to develop the methodology and assure a full EU-27 data set in all modules	30%	L		2nd Qtr 2008
5.04	Development of regional governmental accounts	1	203	Grant agreements to assist member states to deliver data	30%	L		2nd Qtr 2008
