

Transport statistics working programme

| Activity | Date, location and duration | Topics and expected results |
|---|--|---|
| Ta1: Meetings of the Euro-Mediterranean Working Group on Transport statistics | July 2016 Rome, Italy | Each meeting will be the occasion to discuss the implementation and the adjustment of this work program |
| Ta2: Regional training course on the development of a transport satellite account | July 2016 Location: to be defined | The training course will raise awareness among participants about the interest but also the challenges to be faced in the development of a transport satellite account |
| Ta3: Regional workshop on the development of a manual on road freight transport statistics adapted to the characteristics of the transport and statistical systems of the ENPS Countries | Period : 13-15 December 2016, Brussels | This workshop should allow to identify the topics to be dealt with in the regional manual and to share tasks between ENPS Countries for the production of its different parts |
| Ta4: Joint regional Transport and Energy workshop on the development and production of new transport and energy performance indicators, in relation in particular with the new Sustainable Development Goals of the UNDP. | Period : 28-30 March 2017, Brussels | This workshop should allow to identify indicators that could contribute to understanding the achievement of Sustainable Development Goals |
| Ta5: Joint study visit and workshop on the production of road passenger transport | Period : Q1/2017 Location: to be defined | Exchange of experiences on practices in the ENPS countries and in the hosting EU MS Presentations and discussion Production of recommendations |
| Ta6: Meetings of the Euro-Mediterranean Working Group on Transport statistics | Period :Q3/2017 Location: to be defined | Each meeting will be the occasion to discuss the implementation and the adjustment of this work programme |
| Ta7: Joint regional Transport and Energy workshop on the analysis of new transport performance indicators, in relation in particular with the new Sustainable | Period : Q3/2017 Location: to be defined | This workshop should allow to define the content of the regional publication and the calendar for its production |

| | | |
|--|---|---|
| Development Goals of the UNDP, with a view to producing a regional publication on the subject | | |
| Ta8: Sub-regional workshop on Geo-referenced maritime transport statistics | Period : Q4/2017 Location: to be defined | Production of a mirror exercise between countries already producing Geo-referenced sea transport statistics |
| Ta9: Joint study visit and workshop on the production of Geo-referenced air transport statistics | Period : Q1/2018 Location: to be defined | Presentation of the whole national statistical system on air transport of the host EU MS, including the production of data on origins and destinations of flights, passengers and freight |
| Ta10: Meetings of the Euro-Mediterranean Working Group on Transport statistics | Period :Q3/2016 Location: to be defined | Each meeting will be the occasion to discuss the implementation and the adjustment of this work programme |
| Ta11: Regional training course on data quality management in transport statistics with a particular focus on data treatment and validation | Period : Q3/2018 Location: to be defined | The training course will deal with all aspects of data collection and compilation up to the validation stage and will present the tools and procedures that are available to ensure data quality |
| Ta12: workshop of the development of analytical capacities with respect in particular to modelling and forecasting | Period : Q4/2018 Location: to be defined | This double event will give the opportunity to share experiences of ENPS Countries in this respect and to present standard methodologies in relation, in particular, to modelling and forecasting |
