Abstract	3
Introduction	7
A. 2012 projects	13
Greece: compilation of a Greek population grid for the year 2001 and web mapping design and implementation; 2012 project; final report 17 June 2014.....	14
Hungary: merging statistics and geospatial information in Member States; 2012 project; final report 18 March 2014	16
Malta: STATAMAP: spatialisation and dissemination of statistics; 2012 project; final report 15 November 2014.....	18
The Netherlands: joining tabular and geographic data — merits and possibilities of the table joining service; 2012 project; final report 9 September 2013.....	20
Poland: merging statistics and geospatial information in Member States, 2012 project; final report 10 February 2014	22
Slovenia: merging statistics and geospatial information in Member States, 2012 project; final report January 2015	26
Slovakia: representing census data in a European population grid, 2012; undated final report.....	28
United Kingdom: the development of a web application for the semantic visualisation of geostatistics, 2012 project; final report January 2015.....	30
B. 2013 projects	33
Bulgaria: merging health care statistics with spatial information; 2013 project; final report 8 January 2016.....	34
Germany: merging statistics and geospatial information — the urban contribution to the European spatial data infrastructure; 2013 project; final report December 2015.....	36
Croatia: merging statistics and geospatial information in Member States; 2013 project; final report 9 December 2015.....	40
Italy: standardisation and geo-coding of place names in the database of migratory flows; 2013 project; final report 15 September 2016	42
Austria: census 2011 — enriching commuter statistics, 2013 project; final report February 2016.....	44
Slovenia: merging statistics and geospatial information in Member States, 2013 project; final report 2 March 2016.....	46
Finland: spatial statistics on the web, 2013 project; final report 29 January 2016.....	50

C. 2014 projects	53
Estonia: merging statistics and geospatial information in Member States — an address data system; 2014 project; final report December 2016.....	54
France: towards a French address register; 2014 project; final report 24 February 2017	56
Croatia: merging statistics and geospatial information in Member States — integration of spatial information into the statistical business register; 2014 project; final report December 2016.....	60
Hungary: merging statistics and geospatial information — merging address registers and distributing geocoded statistics; 2014 project; final report 21 December 2017.....	62
Poland: merging statistics and geospatial information in Member States — support decision-making processes by combining statistical data with spatial data; 2014 project; final report 30 December 2016	64
Portugal: support policymaking by the use of spatial information combined with social, economic and environmental statistics; 2014 project; final reports July 2015, June 2016 and February 2017	70
Norway: mapping attractive urban areas — a way to geographically determine quality of life parameters of importance; 2014 project; final report 28 February 2017	74
D. 2015 projects	79
Croatia: merging statistics and geospatial information in Member States; 2015 project; final report 20 December 2017	80
Latvia: merging statistics and geospatial information in Member States; 2015 project; final report February 2018	82
The Netherlands: impact analysis for a table joining service; 2015 project; final report September 2016.....	84
Austria: merging statistics and geospatial information in Member States — grid-based indicators of accessibility of public utility infrastructure; 2015 project; final report October 2017	86
Poland: development of guidelines for publishing statistical data as linked open data; 2015 project; final report 3 January 2018	88
Slovenia: merging statistics and geospatial information in Member States; 2015 project; final report 3 January 2018.....	94
Finland: statistics on commuting: merging big data and official statistics; 2015 project; final report January 2017	102
