

# Glossary: Eurobarometer survey

Statistics Explained

Since 1973, the [European Commission](#) has conducted **Eurobarometer surveys** to monitor the evolution of public opinion in [European Union \(EU\)](#) Member States. The surveys cover a varying range of major topics of interest to citizens including [EU enlargement](#) , poverty and social exclusion, health, culture, information technology, the environment, the [euro](#) , defense and [climate change](#) .

Each survey is based on approximately 1 000 face-to-face interviews per Member State, except for Germany (2 000) and Luxembourg (600). Reports are published twice yearly.
