1. **Introduction**

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor. The information in relation to the processing of personal data linked to open call activities organised by the services of the Commission is presented below.

2. **Why and how do we process your personal data?**

**Purpose of the processing operation:** The Commission collects and uses your personal information within the framework of an open call for of contributions to the Mission Restore our Ocean and Waters.

The contact details of some of the prospective respondent are already in the possession of/processed by the controller and their further processing for this Charter process is lawful because the respondents are members of groups that have been mandated to support the implementation of the Mission, of which this Mission Charter process is a key element, or have explicitly consented to the processing of data when registering to an event on the Mission Restore our Ocean and Waters.

The contact details of other prospective respondent have not been in the possession of the controller/processor and have been solely collected for this open call with prior-consent of data subjects collected for the purpose of this consultation.

For reasons of transparency and openness your contributions will, in principle be published on a Europa website, in the form of a list and map of all contributions collected.

To avoid misuse, anonymous contributions to the Commission may not be accepted, regardless whether you consent to the publication of your identity together with your contribution.

The Commission service responsible may decide to:

- Use images;
- Require respondents to provide personal data in their response given the subject matter of the open call;
- Use EUSurvey and/or EULogin;
- Store personal data in a document management system such as ARES.

More specifically:

- The subject matter of the open call requires you to provide personal data in your response that may identify or make you identifiable. These personal data will only be published subject to your explicit consent.
- It is your responsibility if you opt for confidentiality of your personal data to avoid any reference in your submission or contribution itself that would reveal your identity.
The open call activity uses the Commission's online questionnaire tool EUSurvey that requires you to login via your ‘EU Login’ or ‘social media account’. ‘EU Login’ requires certain personal data such as the name, surname and e-mail address of the registrant. For further information, please refer to the privacy statements of ‘EU Login’ and ‘EUSurvey’ as well as the processing operations ‘Identity & Access Management Service (IAMS)’ (reference number in the public DPO register: DPR-EC-03187) and ‘EUSurvey’ (reference number: DPR-EC-01488). Should you choose to log in through your social media account, please refer to the pertinent social media platform’s privacy statement.

Your contribution to the open call is stored in the Commission’s document management system (for further information on the Commission’s document management system please refer to the processing operation ‘Management and (short- and medium-term) preservation of Commission documents’, reference number: DPR-EC-00536).

3. **On what legal ground(s) do we process your personal data**

(b) It is based on your consent, for one or more specified purposes:

   – Publication of the e-mail address as a contact for the submitted action;

   – To be contacted by the Commission for as a follow-up and monitoring for your submission.

The Union law which is the basis for the processing based on Article 5(1)(a) of Regulation (EU) 2018/1725 is the Treaty of the European Union, and more specifically its Articles 1 and 11, Article 298 of the Treaty on the Functioning of the European Union, read in conjunction with Recital 22 of Regulation (EU) 2018/1725, as well as the Protocol 2 on the application of the principles of subsidiarity and proportionality.

4. **Which personal data do we collect and further process?**

5. **How long do we keep your personal data?**

The Data Controller only keeps your personal data for the time necessary to fulfil the purpose of collection or further processing, namely for a maximum of five years after the closure of the file to which the present open call belongs. A file is closed at the latest once there has been a final outcome in relation to the initiative to which the open call contributed.

This administrative retention period of five years is based on the retention policy of European Commission documents and files (and the personal data contained in them), governed by the common Commission-level retention list for European Commission files SEC(2019)900. It is a
regulatory document in the form of a retention schedule that establishes the retention periods for different types of European Commission files. That list has been notified to the European Data Protection Supervisor.

The administrative retention period is the period during which the Commission departments are required to keep a file depending on its usefulness for administrative purposes and the relevant statutory and legal obligations. This period begins to run from the time when the file is closed.

In accordance with the common Commission-level retention list, after the ‘administrative retention period’, files including (the outcome of) open calls (and the personal data contained in them) can be transferred to the Historical Archives of the European Commission for historical purposes (for the processing operations concerning the Historical Archives, please see record of processing 'Management and long-term preservation of the European Commission’s Archives’, registered under reference number DPR-EC-00837).

6. **How do we protect and safeguard your personal data?**

In order to protect your personal data, the Commission has put in place a number of technical and organisational measures. Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

Access to your personal data is provided to the Commission’s contractor responsible for carrying out the evaluation and to authorised staff according to the “need to know” principle.

The withdrawal will not affect the lawfulness of the processing carried out before you have withdrawn the consent.

You can exercise your rights by contacting the Data Controller, or in case of conflict the Data Protection Officer. If necessary, you can also address the European Data Protection Supervisor. Their contact information is given under Heading 9 below.

Where you wish to exercise your rights in the context of one or several specific processing operations, please provide their description (i.e. their Record reference(s) as specified under Heading 10 below) in your request.
