Survey on the Trustworthy AI Assessment List 2.0 (Other stakeholder questionnaire)

Fields marked with * are mandatory.

Survey on the Trustworthy AI Assessment List 2.0 (Other stakeholder questionnaire)

Welcome to the online survey on the Trustworthy Artificial Intelligence (AI) Assessment List ("the List"). The List was developed by the European Commission's High-Level Expert Group on AI, with the aim of proposing a workable instrument for organizations to enable them to assess their compliance with the EU ethics guidelines for Trustworthy AI. Through this survey we seek your feedback on the ease of understanding, completeness, relevance and feasibility of implementation of the List. The responses collected in this survey---jointly with other feedback collected via in-depth investigations carried out at organizations that develop or deploy AI---will be used to review the List and make it as user-friendly and relevant as possible. Note that all data you will provide will remain anonymous. This will not include data that identifies you or your organization.

Note that you accessed the **stakeholder version** of the questionnaire, targeting to collect input from those who do not themselves develop or deploy AI systems or products, but are interested in assisting in the development of the Trustworthy AI Assessment List. We encourage you to print out or open the List and reflect on each of the questions so that you could provide an informed opinion in subsequent questions.

Ready? Let's get started!

* B1. Please indicate the type of organisation you represent
- ◯ 1 - Government
- ◯ 2 - Public International Organisations
- ◯ 3 - Consumer organisation
- ◯ 4 - Industry
- ◯ 5 - Consultancy
- ◯ 6 - Professional association
- ◯ 7 - NGO
- ◯ 8 - Academia
- ◯ 9 - Think Tank
- ◯ 10 - Trade Union
- ◯ 11 - Financial Institution
- ◯ 12 - Organisations representing churches and religious communities
- ◯ 13 - Other

* Please specify:

* B2. IF INDUSTRY:

Please specify the industry sector in which your organisation is primarily operating:

○ A - Agriculture, forestry and fishing

○ B - Mining and quarrying

○ C - Manufacturing

○ D - Electricity, gas, steam and air conditioning supply

○ E - Water supply; sewerage; waste management and remediation activities

○ F - Construction

○ G - Wholesale and retail trade; repair of motor vehicles and motorcycles

○ H - Transporting and storage

○ I - Accommodation and food service activities

○ J - Information (technologies) and communication

○ K - Financial and insurance activities

○ L - Real estate activities

○ M - Professional, scientific and technical activities

○ N - Administrative and support service activities

○ O - Public administration and defence; compulsory social security

○ P – Education

○ Q - Human health and social work activities

○ R - Arts, entertainment and recreation

○ S - Other services activities

* B3. Please indicate the size of your organisation

○ 1 – 1-9 employees (micro enterprise/organisation)

○ 2 – 10-49 employees (small enterprise/organisation)

○ 3 – 50-249 employees (medium-sized enterprise/organisation)

○ 4 – 250+ employees (large enterprise/organisation)

* B4. Which of the following best describes how your organisation is involved with AI technologies:

○ 1 – developing AI products or systems as part of the core business of the organisation

○ 2 – developing AI products or systems as non-core business of the organisation

○ 3 – using AI products / systems within your organisation, sourced by external developers

○ 4 – involved with AI technologies in some different capacity (i.e. consulting, monitoring, oversight)

○ 5 – none of the above

As you appear to represent an organisation that develops or deploys AI systems or products, we advise you to visit our main questionnaire that collects detailed feedback on the Assessment List sections.

* C1. Please indicate your role in the organisation you represent:

* C2. For how long have you been in your current (or similar) position at the organisation you represent?

- ⊙ 1 – for less than a year
- ⊙ 2 – 1-4 years
- ⊙ 3 – 5+ years

Thank you for your interest in our questionnaire. As stated in the introduction, the main questionnaire is primarily targeting those professionals who are responsible for developing and deploying AI products or systems, as most questions in that questionnaire asks about a specific AI product or system that respondents developed or deployed themselves. We, however, appreciate your interest tremendously and we are very glad to hear your opinions about the draft Trustworthy AI Assessment List. Please go ahead and provide your opinions below.

G1. After reviewing the draft Assessment List in its entirety, are there any important elements that could contribute to "Trustworthy" AI that were not covered by the Assessment items?

- ⊙ 1 – yes
- ⊙ 2 – no

G2. Please list the aspects that you found to be missing:

G3. How would you rate the usefulness of the Trustworthy AI Assessment instrument (assuming that its current smaller defects will be corrected after the pilot stage) in assessing the AI systems and products?

- ⊙ 1 – not useful at all
- ⊙ 2 –
- ⊙ 3 –
- ⊙ 4 –
- ⊙ 5 – extremely useful
- ⊙ 9 – DK/NA

G4. Should you have any other remark or comment, please use the text box below to share those with us.

G5. Would you be available for a follow-up interview (i.e. over the telephone), in case the High-Level Expert Group on Artificial Intelligence would need some clarifications?

     ○ 1 – yes

     ○ 2 – rather not

G6. Please give us your contact details for this possible follow-up interview. Note that your personal details will only be stored temporarily with the sole purpose of contacting you with any further questions regarding the Trustworthy AI Assessment List on behalf of the High Level Expert Group, and will not be shared with any third party.

* G6A. Name

* G6B. Telephone number (i.e. +3199999999):

G6C. Email

☐ * Check here if you read and agree to the Terms laid out in our Privacy Policy.
